2. Name your tracker based on the naming convention you use to manage your vehicles.

- Some common ways to name your vehicle: Blue Truck, Van ##, Sophie's Car, Ford F150, Tractor ###, etc.

Name Your Tracker

Give your tracker a name so that it is easily identifiable. It can be anything, such as a driver's name, a type of vehicle, or a fleet ID.

First Name	Last Name
Scott	

BACK **CONTINUE**

3. Enter in any optional information you would like to add for your tracker.

- **Tip!** If you are adding trackers into multiple groups, complete Group Setup before activating the remainder of your devices.

4. Congratulations! You have now set up your first device and your portal has been activated for use. From here, you can either choose to Activate More Trackers or Complete the process and begin using your system.

New Tracker Activation

Tracker Details (Optional)

You may specify the tracker's group, VIN, odometer, camera, and any notes about the vehicle.

Group (optional)
Southern Illinois

VIN (optional) 1GNDT13S932400716 Odometer (optional) 67,418 Camera (optional) None

Notes (optional)

Set Up eFleetSuite

1. Login to the ELD eFleetSuite login page. Sign in using the eFleetSuite credentials emailed to you. Please allow 2-3 business days for delivery.
2. Set up your home terminal(s).
 - a. Select 'Home Terminals' in the ADMIN dropdown.
 - b. Click 'New.'
 - c. Fill out the form, then click 'Save.'

Home Terminals

Home Terminals			
Filter By: <None>	View	Organization Detail	<input type="button" value="New"/>
Home Terminal Name	Users	Time Zone	Adjust for DST
<input type="checkbox"/> Canada Terminal	User Roles	Central	Enabled
<input type="checkbox"/> Main Terminal	License Key	Central	Enabled

* indicates a required field.			
Driver Details			
Driver ID: *	<input type="text"/>	Web Access	
First Name: *	<input type="text"/>	<input checked="" type="checkbox"/> Permit Web Access	
Middle Initial:	<input type="text"/>		
Last Name: *	<input type="text"/>		

The system will create a temporary password for the driver. See the Driver's App Guide for details.

Install Your Device

- You will need your device, the cord, and the tablet. If you have ordered more than one tablet, you may choose any tablet that you have received, as these have not been paired yet. Begin with the ignition and the tablet powered off.

2. **J-BUS Devices:** Connect the cord to the device, then plug the device into the J-Bus port.

OBD Devices: Connect the OBD extension cord to the device, then plug the device into the OBDII port.

3. Turn on the ignition, and verify green and orange lights on the device.
4. Power on the tablet. The app will automatically start. The tablet will then recognize all devices within range. The device at the top of the list will be the one closest to you. Double check by matching the serial number, then choose the device.
5. **OBD devices only** — A pop-up window will prompt you to input the current odometer reading of the
