linuxup JBUS Tracker

Welcome to Linxup!

This simple step-by-step guide will walk you through activating your account and installing your GPS tracker. You'll also find easy instructions to customize your Customer Portal for tracking vehicles and equipment, monitor reports, set alerts, and much more. Let's get started!

Account Activation

1. Open your web browser (Chrome is recommended) and go to: <https://activate.linxup.com>
2. You will be directed to the Activation Page where you will finish your account registration. Fill out the following information:
 - **Activation Code:** You can enter either the Activation Code found on your device OR your Billing Account Number (BAN) provided in your confirmation email.
 - **Email Address:** Please use the email address you provided when completing the order.
 - **Create/Confirm Your Password:** Make it strong and secure!
 - Read through our Terms & Conditions and then click the radio box to agree before clicking "Next".

New Customers

Fill out the following to complete your registration:

Activation Code*  Tracker Purpose* 

Email Address*

Create Your Password*

Confirm Password*

☐ I agree to the [Terms and Conditions](#)*

Device Activation

1. Welcome to your portal!

- If you entered in your activation code on the previous screen it will auto populate here.
- If you entered your Billing Account Number (BAN), you will need to enter the activation code shown on your device here.

New Tracker Activation 

What would you like to activate?

Tracker

6-digit activation code on the sticker or card

Camera

11-digit activation code on the screen or box

Activation Code

A 7 R — Q 2 S

CONTINUE

2. Name your tracker based on the naming convention you use to manage your vehicles.

- Some common ways to name your vehicle: Blue Truck, Van ##, Sophie's Car, Ford F150, Tractor ###, etc.

Name Your Tracker

Give your tracker a name so that it is easily identifiable. It can be anything, such as a driver's name, a type of vehicle, or a fleet ID.

First Name **Last Name**

Scott

BACK CONTINUE

3. Enter in any optional information you would like to add for your tracker.

- **Tip!** If you are adding trackers into multiple groups, complete Group Setup before activating the remainder of your devices.

New Tracker Activation

Tracker Details (Optional)

You may specify the tracker's group, VIN, odometer, camera, and any notes about the vehicle.

Group (optional)
Southern Illinois

VIN (optional) ? 1GNDT13S932400716 Odometer (optional) ? 67,418 Camera (optional) ? None

Notes (optional)

BACK CONTINUE

4. Congratulations! You have now set up your first device and your portal has been activated for use. From here, you can either choose to Activate More Trackers or Complete the process and begin using your system.

Installing Your JBUS Device

1. You will need your device and the cord. Begin with the ignition off.
2. Connect the cord to the device, then plug the device into the J-Bus port. Use the enclosed zip tie to securely fasten the device within your vehicle

3. Turn on the ignition, and verify green and orange lights on the device.

Your vehicle must be outside and not in a covered area so that it will receive GPS signal. When working properly, the orange and green lights will be on. You should see your vehicle's location on the map (may take up to two hours).

If you need help or have any questions, contact us at 1-877-732-4980 or support@linuxup.com
