LITBLOOM HR-LMT160 4FT Lighted Olive Tree

INTRODUCTION

The LITBLOOM HR-LMT160 4FT Lighted Olive Tree is a graceful combination of modern lighting design and natural aesthetics that will add a warm, organic appeal to your home or event. This lightweight yet robust faux tree, made by LITBLOOM, a reputable brand that is recognized for its high-quality illuminated décor, was released in early 2024 and is priced at **$73.99**. This piece, which is exquisitely woven into lifelike olive leaves and has a textured trunk, creates a serene and inviting atmosphere year-round. It is adorned with 160 warm white fairy lights. With a compact 7″ base, it is a perfect match for living rooms, patios, entryways, or as an elegant centerpiece for weddings and seasonal celebrations, standing at a height of 48 inches. The 3.5V low-voltage system and IP44 impervious rating guarantee safe use indoors or outdoors, while the DIY-flexible branches enable custom shaping. The HR-LMT160 tree is a versatile addition that

radiates soft sophistication, whether you are decorating for a festive gathering or elevating the ordinary ambiance.

- **Employ the recommended method. Power Supply:** Guarantee that the appropriate voltage and adapter are utilized.
- **Handle with caution during storage:** Gently disassemble and store in the original packaging.

TROUBLESHOOTING

Issue	Possible Cause	Solution
Lights not turning on	Loose plug or dead outlet	Check power connection and test a different socket
Some lights flicker or dim	Low voltage or unstable connection	Ensure adapter is fully plugged in and stable
Leaves falling off during setup	Detachment from branch during shipping	Gently reinsert leaves onto twigs
Branches don't hold shape	Improper shaping technique	Bend branches slowly and hold to set the form

Issue	Possible Cause	Solution
Tree base unstable	Uneven surface or improper setup	Place on flat surface and tighten all base parts
Adaptor heating during use	Extended continuous use	Unplug periodically to allow cooling
Lights stop after storage	Damage from poor storage	Check wiring; store in dry, padded packaging
Tree leans or tilts	Loose joint or base not centered	Realign base and secure all connections
Lights dim after rain exposure	Moisture intrusion despite IP44 rating	Let it dry completely before reusing
LED brightness not consistent	Aging LEDs or power variation	Replace the power adapter if issue persists

PROS & CONS

PROS

- Realistic olive leaves and bark add artistic detail
- 160 warm white fairy LEDs create soft ambient light
- Lightweight yet stable and easy to assemble
- Flexible branches allow for personalized styling
- Safe low-voltage operation with IP44 water resistance

CONS

- Leaves may detach during shipping and need reattaching
- Not suitable for harsh outdoor weather without cover
- No timer or remote included
- Light brightness not adjustable
- Limited height for larger-scale event décor
