LITBLOOM TS-3W4.5V Lighted Birch Twig Tree

INTRODUCTION

The LITBLOOM TS-3W4.5V Lighted Birch Twig Tree is a stunning decorative piece that seamlessly integrates art and illumination, adding charm and warmth to any setting. This handcrafted birch tree, which stands at a height of 4 feet and is priced at **\$59.99**, was introduced in late 2023. It is equipped with 200 warm white fairy LED lights, which create an enchanting ambiance. It is an ideal choice for both indoor and outdoor décor, whether you are enhancing your living space, decorating for Christmas, Easter, or nuptials, and was created by LITBLOOM, a reputable brand in decorative lighting. The tree is equipped with four ground supports for effortless outdoor installation, and its pliable branches can be manipulated to achieve the desired aesthetic. This tree exudes elegance and adaptability, thanks to its realistic birch bark finish. It is UL, CE, and RoHS certified, and it operates on a secure 4.5V low-voltage system. Additionally, it is equipped with IP44 waterproof protection, making it suitable for year-round use. This birch twig tree revolutionizes festive illumination by being visually striking, secure, and lightweight.

SPECIFICATIONS

Product Name	LITBLOOM Lighted Birch Twig Tree with Fairy Lights
Price	\$59.99

FEATURES

- **Upgraded 4-Foot Height:** This item is 48 inches tall, making it suitable for both indoor and outdoor use.
- **200 LED fairy lights:** Affixed to branches to create a magical, brilliant glow.
- **Lifelike Birch Bark Texture:** The handmade design is designed to resemble the natural birch bark, resulting in a realistic appearance.
- **Flexible Branches:** Branches can be bowed and shaped to suit your desired aesthetic.
- **Portable and lightweight:** Easily relocated and repositioned as required.
- **Four ground stakes:** Included to ensure the base is securely fastened outdoors in gusty conditions.
- **IP44 waterproof Rated:** Water-resistant, suitable for outdoor use.
- **Operates at a modest voltage of 4.5V:** To ensure the safety of the user.
- **Quality and safety assurance:** Guaranteed by the certification of UL, CE, and RoHS.
- **Natural and Romantic Ambiance:** Suitable for daily décor, weddings, gatherings, and winter holidays.
- **Sturdy construction:** Made of durable plastic material that is engineered to endure.
- **Versatile Application:** Appropriate for event decoration, home, office, or yard.
- **Energy Efficient LEDs:** Long-lasting bulbs with low power consumption.
- **Compact Footprint Dimensions:** 20" D x 20" W, making it simple to accommodate a variety of spaces.
- **Brand Support:** A customer service team that is prepared to provide assistance with any concerns.

SETUP GUIDE

- **Carefully unpack:** The tree and accessories from the packaging.
- **Component Inspection:** Confirm that all components, such as the tree, anchors, and power cord, are intact and present.
- **Position the tree upright:** Place the tree on a flat surface, either indoors or outdoors.
- **Securing the Base with Stakes:** If the base is to be used outdoors, insert the four ground stakes into the base and firmly press them into the ground.
- **Bend and shape:** The branches to your desired design.
- **Connect the power cord:** Plug the tree into a suitable power receptacle.
- **Test Lights:** Activate the LED lights to verify that all bulbs operate effectively.
- **Optimal Positioning:** For the most effective viewing of the design and lighting.
- **Prevent Obstructions:** Ensure that the lighting and airflow around the tree are not obstructed by any objects.
- **Indoors or outdoors:** Indoors or in sheltered outdoor areas.
- **Prevent Water Submersion:** Electrical components should not be submerged in water.
- **Keep Away from Flammable Materials:** Place the item in a location that is not near combustibles, such as paper or draperies.
- **Verify the power source:** Utilize the voltage receptacles that are designated.

- **Extend bulb lifespan:** By turning them off when they are not in use.

CARE & MAINTENANCE

- **Before cleansing:** Ensure that the power is disconnected.
- **Dust Consistently:** Utilize a soft cloth or duster to clear branches and lights.
- **Gently clean LEDs:** By wiping them with a dry cloth to prevent any damage.
- **Prevent the Use of Harsh Chemicals:** If necessary, employ gentle cleaning solutions.
- **Regularly inspect the power cord:** For any signs of deterioration or damage.
- **Proper Storage:** When the tree is not in use, it should be stored in a dry location.
- **Prevent exposure to extreme weather:** Refrain from being exposed to torrential rain or snow.

- **Exercise Caution When Handling Branches:** Prevent excessive twisting or bowing.
- **Replacement of Damaged LEDs:** If necessary, contact the manufacturer to obtain replacements.
- **Secure the Base Firmly:** Guarantee that the stakes are securely fastened to prevent the base from toppling.
- **Avoid overloading circuits:** By utilizing dedicated receptacles or power strips.
- **Pet and Child Safety:** Prevent inadvertent damage or injury by keeping pets and children away.
- **Seasonal Storage:** Preserve the item in its original packaging and disassemble it if necessary.
- **Avoid Direct Sunlight:** As prolonged exposure may cause pigment fading.

TROUBLESHOOTING

Issue	Possible Cause	Solution
Tree won't light up	Loose adapter or bad power source	Check power outlet, plug firmly, or test with another outlet
LEDs flickering or dim	Inconsistent power supply	Use a stable power source or replace adapter if needed
Branches not staying in shape	Improper bending technique	Bend branches gently and hold for a few seconds
Lights turning off randomly	Loose internal connection	Ensure all parts are assembled tightly
Adapter getting warm	Extended use duration	Unplug when not in use to let it cool
Some LEDs not working	Faulty bulb connection	Check for loose wires or contact manufacturer for replacement
Tree unstable outdoors	Stakes not secured properly	Insert ground stakes deeper or place on flat surface

Issue	Possible Cause	Solution
Branch coating peeling	Excessive force or weather exposure	Store indoors when not in use to preserve appearance
Cannot find power switch	No physical switch, powered via plug	Plug/unplug to turn on/off or use external switch if needed
Tree leans after setup	Uneven base surface	Adjust positioning or stabilize with weights if needed

PROS & CONS

PROS

- Realistic birch bark texture adds elegance
- 200 warm LED lights provide vibrant glow
- Flexible, bendable branches for customization
- Safe 4.5V low voltage and waterproof design
- Suitable for both indoor and outdoor use

CONS

- No built-in timer function
- Cannot change light colors (warm white only)
- Adapter placement may limit outdoor use
- Plastic material may feel less premium up close
- Requires manual shaping out of the box

WARRANTY

The LITBLOOM Lighted Birch Twig Tree includes a **1-year limited manufacturer's warranty**, covering defects in workmanship and materials under normal use. The warranty excludes damage caused by misuse, accidents, weather extremes, or unauthorized modifications. For warranty service, proof of purchase and product registration may be required. LITBLOOM's responsive customer service is committed to

resolving concerns promptly, ensuring peace of mind with your purchase.

FREQUENTLY ASKED QUESTIONS

What are the key specifications of the LITBLOOM TS-3W4.5V Lighted Birch Twig Tree?

The LITBLOOM TS-3W4.5V tree stands 4 feet tall, includes 200 pre-wrapped fairy LEDs, and measures 20D x 20W x 48H, ideal for indoor and outdoor festive decor.

Is the LITBLOOM TS-3W4.5V Lighted Birch Tree suitable for both indoor and outdoor use?

This model is rated IP44 waterproof, making the LITBLOOM TS-3W4.5V safe for both indoor and outdoor environments, including patios, yards, and living rooms.

What type of lighting is used in the LITBLOOM TS-3W4.5V Birch Tree?

The LITBLOOM TS-3W4.5V features 200 warm white fairy LEDs, creating a soft, romantic glow ideal for holiday and year-round ambiance.

What voltage does the LITBLOOM TS-3W4.5V Lighted Birch Tree operate on?

The tree uses a safe low-voltage 4.5V power supply, ensuring secure usage, especially around children or pets.

Is the plug of the LITBLOOM TS-3W4.5V waterproof?

While the tree is IP44 rated, the plug should remain sheltered from rain or snow. For full outdoor use, ensure the adapter is in a covered outlet or weather-safe enclosure.

How long is the power cord on the LITBLOOM TS-3W4.5V Lighted Tree?

The LITBLOOM TS-3W4.5V typically includes a long extension cord (length may vary by shipment), allowing for flexible positioning without needing immediate access to a wall socket.

Why are the lights on my LITBLOOM TS-3W4.5V Tree not turning on?

Check the power connection first. Make sure the adapter is plugged in properly, and the outlet is working. Also, inspect the cord for any damage or loose connection.
