LITE ON KB7221W Wireless Keyboard

Safety and Battery Disposal

- There is a danger of battery exploding if it is incorrectly installed. Replace the battery only with the same or

equivalent type recommended by the manufacturer.

- Do not dispose of the battery along with household waste. Contact your local waste disposal agency for the address of the nearest battery deposit site.
- A damaged battery may pose a risk of personal injury. Damage may include impact or shock that dents or punctures the battery, exposure to a flame., or other deformation.
- Do not disassemble the battery. Handle a damaged or leaking battery pack with extreme care. If the battery is damaged, electrolyte may leak from the cells or fire may result which may cause personal injury.
- Do not expose (store or place) your portable device or battery pack to a heat source. When heated to excessive temperatures, battery cells could vent or explode, posing risk of fire.
- Keep the battery away from children.

Regulatory Information

Dell Bluetooth/wireless devices must be installed and used in strict accordance with the manufacturer's instructions as described in the user documentation that comes with the product. Dell Inc. is not responsible for any radio or television interference caused by unauthorized modification of the devices included with this Dell Bluetooth/wireless device kit, or the substitution or attachment of connecting cables and equipment other than that specified by Dell

Inc. The correction of interference caused by such unauthorized modification, substitution or attachment is the responsibility of the user. Dell Inc. and its authorized resellers or distributors are not liable for any damage or violation of government regulations that may arise from the user failing to comply with these guidelines.

FCC Notices

FCC Radiation Exposure Statement

The radiated output power of Dell Bluetooth/wireless devices is far below the FCC radio frequency exposure limits. Nevertheless, Dell Bluetooth/wireless devices should be used in such a manner that the potential for human contact during normal operation is minimized. This device has also been evaluated for and shown compliant with the FCC RF exposure limits under portable exposure conditions (antennas are within 20 cm of a person's body) when installed certain specific OEM configurations. Details of the authorized configurations

Interference Statement

This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the manufacturer's instruction manual, may cause interference with radio and television reception. This equipment has been tested and found to comply with the limits for a Class B digital device pursuant to Part 15 of the FCC Rules. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: This device may not cause harmful interference. This device must accept any interference received, including noise that may cause undesired operation.

Regulatory Notices

For Electromagnetic Compatibility (EMC), regulatory information and Safety Best Practices information, see the Regulatory Compliance home page on Dell.com at the following location: [Dell.com/regulatory_compliance](https://www.dell.com/regulatory_compliance). Dell has determined that this product is a Class B harmonized product. This product may contain built-in laser devices. To prevent any risk of exposure to laser radiation, do not disable or open the product assembly for any reason. The product complies with safety requirements and are classified as Class 1 Laser Products, under the US DHHS Standard and IEC/EN 60825-1:2014 Laser Safety Standard. This device contains no user adjustments or any user-serviceable or replaceable parts. NOTE: The FCC regulations provide that changes or modifications not expressly approved by Dell Inc. could void your authority to operate this equipment. These limits are designed to

provide reasonable protection against harmful interference in a residential installation. However, there s no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference with ct the interference by one or more of the following measures:

- Reorient the receiving antenna.
- Relocate the system with respect to the receiver

Move the system away from the receiver, Plug the system into a different outlet so that the system and the receiver are on different branch Circuits. if necessary. consult a representative of Del Inc. or an experienced radio/television technician for additional

NOTE: Dell Bluetooth/wireless devices must be installed and used in strict accordance with the manufacturer's instructions as described in the user documentation that comes with the product. Any other installation or use will violate FCC Part 1 regulations. Modifications not expressly approved by Dell could void your authority to operate the equipment.

Canada, Industry Canada (IC) Notices

Class B digital circuitry of this device complies with Canadian ICES-003. This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions:

- this device may not cause interference, and
- this device must accept any interference, including interference that may cause undesired operation of the device

European Union Radio Equipment Directive

Dell Inc. declares that all CE Marked Dell products incorporating Radio Equipment functionality are in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address: [Dell.com/regulatory_compliance](https://www.dell.com/regulatory_compliance)

Air Travel Restrictions

Consult and abide by air travel restrictions applicable to electronic devices and the use and transportation of battery packs. For more information see the Regulatory Compliance homepage on Dell.com at the following location: [Dell.com/regulatory_compliance](https://www.dell.com/regulatory_compliance).

Waste Electrical and Electronic Equipment (WEEE) Directive

This label indicates that this product should not be disposed of with household waste. It should be deposited at an appropriate facility to enable recovery and recycling. For information on how to recycle this product in your country please visit: [Dell.com/recycle](https://www.dell.com/recycle)
