**IKEA SYMFONISK WiFi Speaker**

## Specifications

- **Brand:** SYMFONISK
- **Product Type:** WiFi Speaker
- **Compatibility:** Part of the Sonos wireless sound system

## Product Usage Instructions

### Overview:

The SYMFONISK WiFi speaker is designed to fill your home with great sound and create atmosphere in every room. It can be used independently or as part of a multi-room setup with other Sonos products.

### Streaming via WiFi:

You can stream music, podcasts, and radio via WiFi without interruptions from phone calls or notifications. The speaker continues playing even when your phone or tablet is not nearby.

### Controlling Speakers:

You can control each speaker individually to play different content in different rooms or group them together to play the same sound throughout your home.

### Combinations:

There are different SYMFONISK products available, including table lamps with built-in WiFi speakers and bookshelf speakers that can be mounted on walls or kitchen rails.

### Stereo Sound:

If you want stereo sound, you can pair two identical speakers, like two WiFi bookshelf speakers, to create a stereo pair. These paired speakers can even be in different colors.

### Sonos App:

You can control the SYMFONISK speakers using the Sonos app for easy management and customization of your listening experience.

Speakers create an atmosphere at home, in every room. The SYMFONISK speakers are a collaboration between IKEA and Sonos, so it easily integrate with other products from Sonos. You can stream music, podcasts and radio via WiFi without interruptions from phone calls or notifications. The music keeps playing even when your phone or tablet is not nearby. Control each speaker individually to play music in one room and an audiobook in another, or group them and play the same sound throughout your home

## Good to know

### Why WiFi?

WiFi streams from your network instead of your phone or tablet so you can enjoy music, podcasts and radio without interruptions from phone calls or notifications.

### Apple AirPlay 2

Compatible with AirPlay 2 so you can stream audio directly from your Apple devices.

### Stereo sound

Both the table lamp and bookshelf speakers give amazing mono sound. If you want even more detailed sound, get two identical speakers, such as two WiFi bookshelf speakers, and set them up as a stereo pair. Stereo paired speakers can be in different colors.

### Sonos app

Control the SYMFONISK speakers with the Sonos app.

- The services for streaming music vary between different regions, information about your region can be found on the Sonos website.
- To control this AirPlay 2-enabled speaker, iOS 11.4 or later is required. Apple and AirPlay are trademarks of Apple Inc., registered in the USA and other countries.
