Ilitt Stig Down E27 Installation Guide

Stig Down E27

Art nr: 480054, 480055, 480056

Ilitt

For explanation of the symbols, see www.ilitt.com

SAFE INSTALLATION

Read these instructions before beginning the installation and hand them over to the user of the system. Only persons with the requisite knowledge are to perform the installation or maintenance. If you lack this knowledge, contact a qualified electrician. Make sure that the mains power is switched off before installation or maintenance. Install the luminaire as described below. Position the LED luminaire and driver unit far from heat sources and in a well ventilated area.
