LOCINOX LMKQ30V2 Surface Mounted Mechanical Code Lock Installation Guide

Contents

LOCINOX LMKQ30V2 Surface Mounted Mechanical Code Lock

Product Specifications

- Brand: Locinox
- Model: VINCI LMKQV2
- Hex Key Sizes: 6mm, 3mm
- Dimensions: 120mm x 60mm x 20mm
- Weight: 140mm

Product Usage Instructions

Pre-Installation Steps
Before starting the installation, ensure you have all the necessary tools including a 6mm and 3mm hex key.

Installation Process

1. Position the product at the desired location on the gate or door.
2. Use the 6mm hex key to secure the main body of the product in place.
3. Attach any additional components using the 3mm hex key as needed.
4. Verify that the product is securely installed and aligned properly.

Post-Installation Checks
After installation, test the functionality of the product by operating it multiple times to ensure smooth operation.
Frequently Asked Questions (FAQ)

**What should I do if the product is not functioning correctly after installation?**
A: If you encounter any issues with the product post-installation, please contact Locinox customer support for
assistance.
