NAME AND CONTENT OF HAZARD-OUS SUBSTANCES IN PRODUCT:

Harmful Elements	Hazardous substances					
	Lead (Pb)	Mercury (Hg)	Cadmium (Cd)	Hexavalent Chromium (Cr, VI)	Polybrominat-ed Biphenyls (PBB)	Polybrominated Diphenyl Ethers (PBDE)
Plastic Components	O	O	O	O	O	O
Circuit Board Assembly	O	O	O	O	O	O
Silicone Components	O	O	O	O	O	O
Spare Partss	O	O	O	O	O	O

This table is prepared in accordance with the provisions of SJ/T 11364.

The classification and marking of this product was performed in accordance with the EU directive 2011/65/EU and the revised directive 2015/863/EU.

- **O**: Indicates that the said hazardous substance contained in all the homogeneous materials for this component is below the limit requirement in GB/T 26572.
- **X**: Indicates that this hazardous substance contained in at least one of the homogeneous materials used for this part is above the limit requirement in GB/T 26572,

ENVIRONMENTAL PROTECTION INSTRUCTIONS:

The hazardous substances contained in the electronic parts of this product will not leak or change under normal use conditions fora period often years. Duringthesame period, the electronic components of this product witl not cause serious environmen.tal pollution orserious-damage to human health or property white the products are being used by the consumer.

According to the Chinese electronic industry standard SJ/T 11364-2014 and retated Chinese government regulations, this product and some of its internal or external components may have an environmentally friendly use period mark, depending on the component and component manufacturer, the mark lifespan on the product and its components may vary. The expiration date on the component takes precedence over

any conflicted or different UFUP [abelson the product.

Warning

- If the battery is not replaced properly, there may be leakage or explosion and personal injury hazards
- Do not use the battery when there is leakage, discoloration, deformation, or any other abnormality.
- Do not leave the battery in a discharged or unused state for a long time.
- Do not short-circuit the product
- Battery life varies with usage. Used batteries should be disposed of in accordance with local laws or thrown away in trash cans for recycling electronic devices.
- If any liquid accidentally enters the product, please immediately disconnect the power supply and remove the product. Continue to use the product may cause fire or electric shock. Please contact the agent or the nearest customer service center for inspection and maintenance.

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation the and receiver,
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

- Consult the dealer or an experienced radio/ TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. this device must accept any interference received, including interference that may cause undesired operation,

Changes or modifications not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment
