8. FN+F12: Next
9. FN+PRTSC: Toggle Mute
10. FN+SCRLK: Volume down
1**1. FN+PAUSE**: Volume up

F1-F12 can also be used for custom macros These advanced features and more are available via Logitech Gaming Software Logitech Gaming Software can be downloaded at LogitechG com/LGS To increase or decrease the speed of the onboard lighting effect use + or – on the Numpad while pressing the FN key
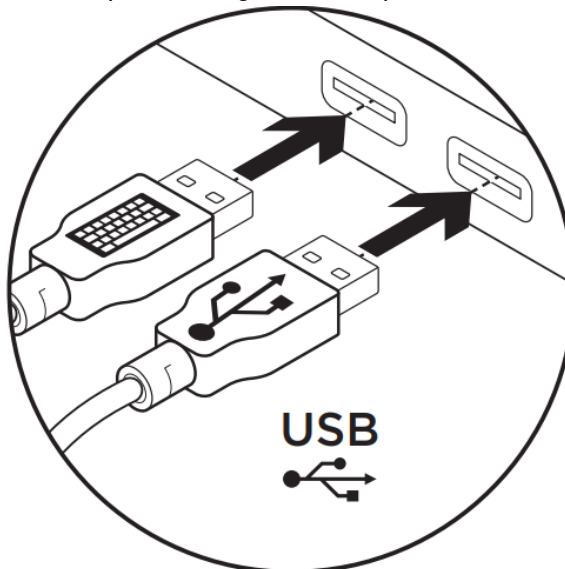

FN KEY INVERSION

You can use LGS to invert all the functions that are accessed by default when you use the FN key modifier with individual F keys This way you don't need to press FN in combination with the F keys to perform the special functions Logitech Gaming Software can be downloaded at **LogitechG.com/LGS**

USB PLUG

The G513 gaming keyboard features one pass-through USB 2 0 port

You must connect both USB cables in order to use the pass-through USB port
NOTE: You can connect USB 3 0 devices to the pass-through port, but it will only provide the transfer and charging rate of a USB 2 0 port
