KNOW YOUR PRODUCT

CONNECTING THE HEADSET

Plug the 3 5 mm jack into the 3 5mm (headphone) input of your computer, smartphone or tablet

HEADSET FIT

1. To adjust headset size, move the headband up and down until it fits comfortably
2. Move the flexible microphone boom up or down and in or out until it is level with your mouth for better voice capture 3 Boom can be tucked out of the way when not being used
