Logitech 910-005694 MX Master 3 Advanced Wireless Mouse

Description

THINK IT. MASTER IT.

MX Master 3 is instant precision and infinite potential. Designed for designers and engineered for coders, it's our most advanced Master Series mouse yet. The near-quiet electromagnetic MagSpeed wheel provides up to 90% more speed and 87% more precision. App-specific button customizations speed up your workflow in the apps you use most. 4000 DPI Darkfield sensor means you can track virtually anywhere – even on glass. It's faster and 5x more accurate than the basic mouse. Your hand rests perfectly on the sculpted form and Flow allows you to work across multiple computers and operating systems –transferring files, images, and folders in one fluid workflow.

1. Compared to a regular Logitech mouse without an electromagnetic scroll wheel.
2. Compared to the Logitech MX Master 2S mouse with Logitech Options installed and Smooth Scrolling enabled.
3. Requires Logitech Options software, available at www.logitech.com/options.
4. 4 mm minimum glass thickness.
5. Battery life may vary based on your use.

WHAT'S IN THE BOX

- Wireless mouse
- USB receiver
- USB-C charging cable (USB-A to USB-C)
- User documentation
- 2-year manufacturer's guarantee

FEATURES

- MagSpeed electromagnetic scrolling for remarkable speed, precision, and near silence

FAQ's

What is the Logitech MX Master 3 Advanced Wireless Mouse?

The Logitech MX Master 3 Advanced Wireless Mouse is a high-performance mouse designed for productivity and creative work. It features advanced tracking and scrolling capabilities, customizable buttons, and ergonomic design for comfortable use.

Is the Logitech MX Master 3 compatible with both Mac and Windows?

Yes, the Logitech MX Master 3 is compatible with both Mac and Windows operating systems. It can be used seamlessly with computers running macOS, Windows, or Linux.

Does the Logitech MX Master 3 support Bluetooth connectivity?

Yes, the Logitech MX Master 3 supports both Bluetooth and wireless USB connectivity. You can connect it to your computer using the included USB receiver or pair it directly with compatible devices via Bluetooth.

How many customizable buttons does the Logitech MX Master 3 have?

The Logitech MX Master 3 has a total of seven customizable buttons. These buttons can be programmed to perform various functions, such as launching applications, switching between tasks, or executing macros.

Does the Logitech MX Master 3 have a rechargeable battery?

Yes, the Logitech MX Master 3 has a built-in rechargeable battery. It can be charged using the included USB-C cable, and a full charge can last for up to 70 days, depending on usage.

What is the maximum DPI (dots per inch) sensitivity of the Logitech MX Master 3?

The Logitech MX Master 3 has a maximum DPI sensitivity of 4,000. This high level of sensitivity allows for precise cursor movement and tracking on various surfaces.

Does the Logitech MX Master 3 support multi-device pairing?

Yes, the Logitech MX Master 3 supports multi-device pairing. You can connect it to up to three devices simultaneously, and easily switch between them using the dedicated buttons on the mouse.

Can I customize the scroll wheel on the Logitech MX Master 3?

Is the Logitech MX Master 3 suitable for left-handed users?

The Logitech MX Master 3 is primarily designed for right-handed users. However, it can still be used by left-handed individuals, although some features may be less accessible due to the ergonomic design.

Does the Logitech MX Master 3 have gesture support?

Yes, the Logitech MX Master 3 has gesture support. It has a thumb rest area with a gesture button, which allows you to perform common actions, such as switching between applications, adjusting volume, or navigating back and forth in web browsers.

Can I customize the sensitivity of the Logitech MX Master 3 tracking?

Yes, you can customize the sensitivity of the Logitech MX Master 3 tracking. Using the Logitech Options software, you can adjust the cursor speed and acceleration to your preference.

Does the Logitech MX Master 3 come with a warranty?

Yes, the Logitech MX Master 3 comes with a warranty. The specific duration of the warranty may vary depending on your region, but Logitech typically offers a one-year limited hardware warranty for their products.
