Product Overview

Durable, comfortable build

Premium aluminum forks, adjustable steel headband, comfortable memory foam headband + earpads.

Large 50mm Pro-G™ Drivers

Enhanced woven hybrid mesh material produces deeper bass and our widest, smoothest sound ever.

Pro-tuned EQ profiles

Download profiles tuned by pro gamers or design your own via G HUB software.

Detachable 6mm Mic+

Large mic for amazingly clear voice comms.

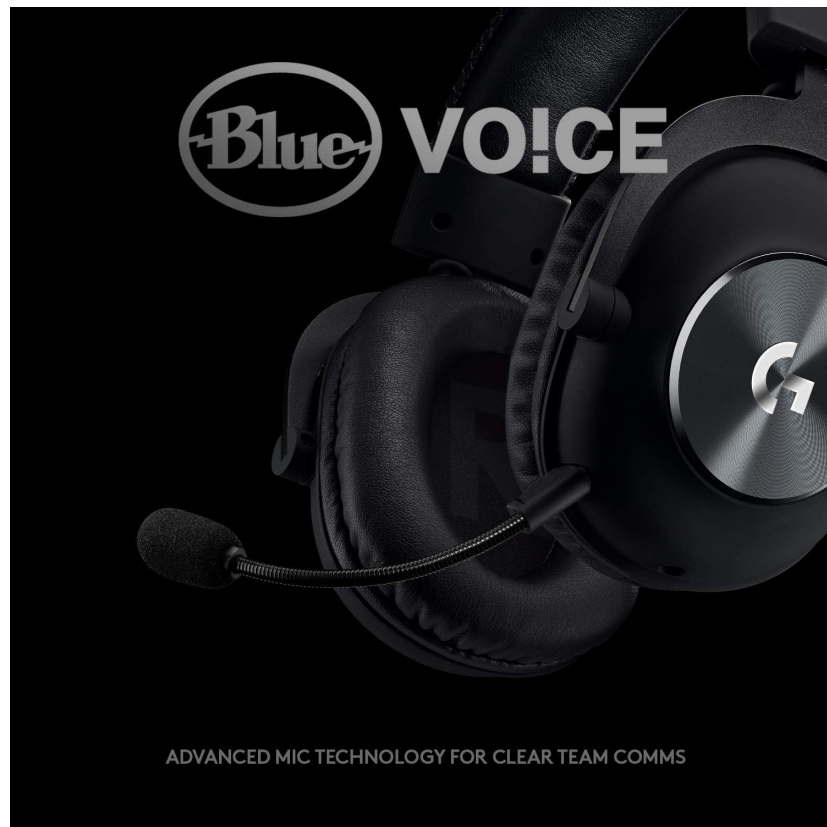

ProductFeatures

• **Gaming Headset PRO X**

Introducing the ultimate gaming headset created by and with esports professionals. PRO-G 50mm drivers will allow you to hear like a pro. With cutting-edge Blue VO!CE microphone technology, you can sound like a pro. Play to succeed.

• **sophisticated mic technology from Blue VO!CE**

Upgrade to professional-level voice communications. With powerful noise reduction, compression, de-esser, and other features, the detachable 6mm Blue VO!CE mic adjusts your voice in real time so that it sounds richer and cleaner.

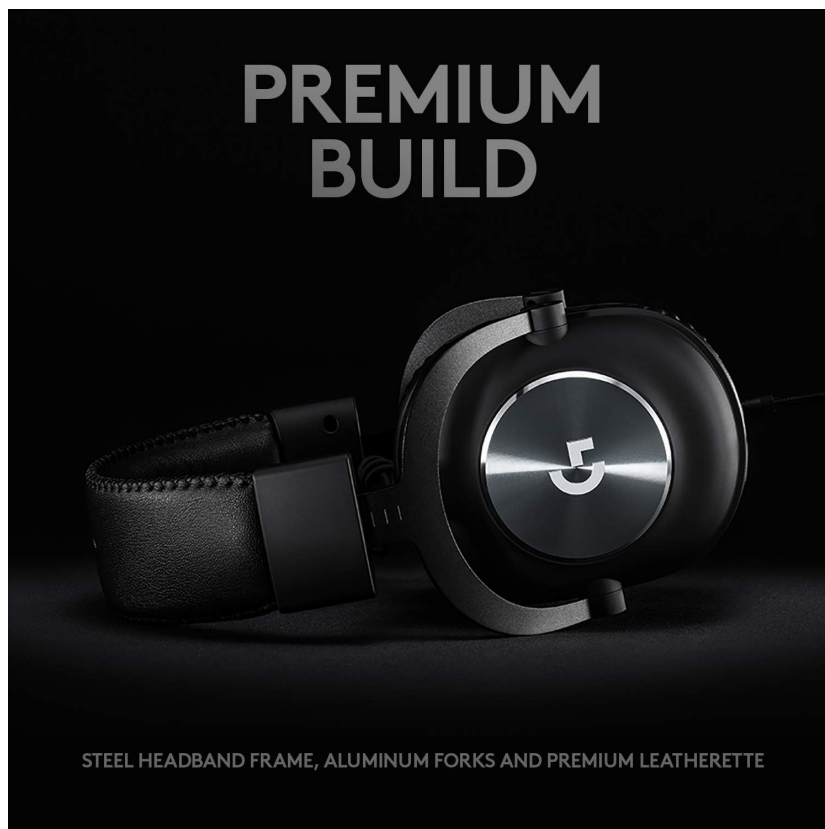

- **PRO-G 50mm advanced drivers**

We use a special hybrid mesh construction for our large drivers. With increased bass response and astonishingly clear, precise sound imaging, hear footfall and environmental clues.

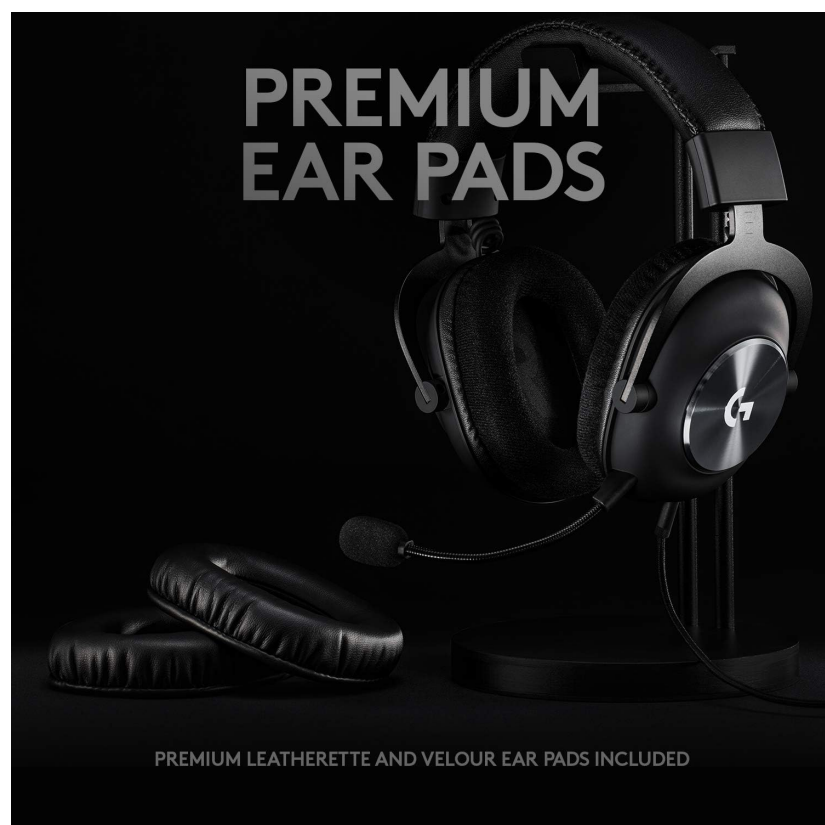

-

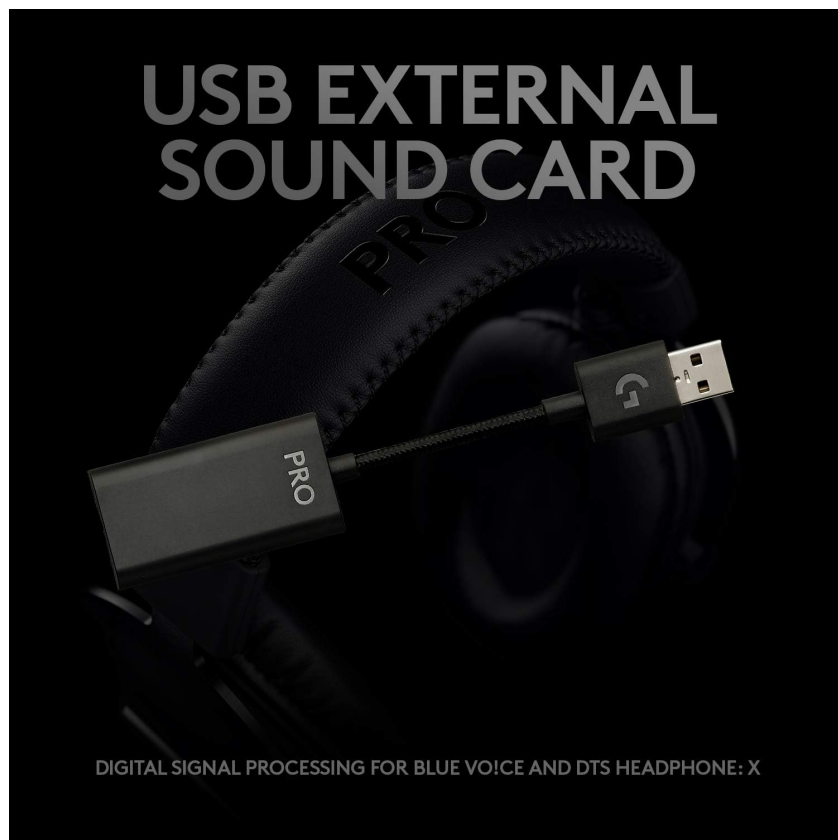

- **Detachable Professional-Grade Microphone:** Features real-time Blue Voice technology with noise reducer, compressor, limiter, and more for clean and professional voice communication.
- **Next-Gen 7.1 Surround Sound:** Offers object-based surround sound for improved positional awareness, distance, and object recognition in-game.

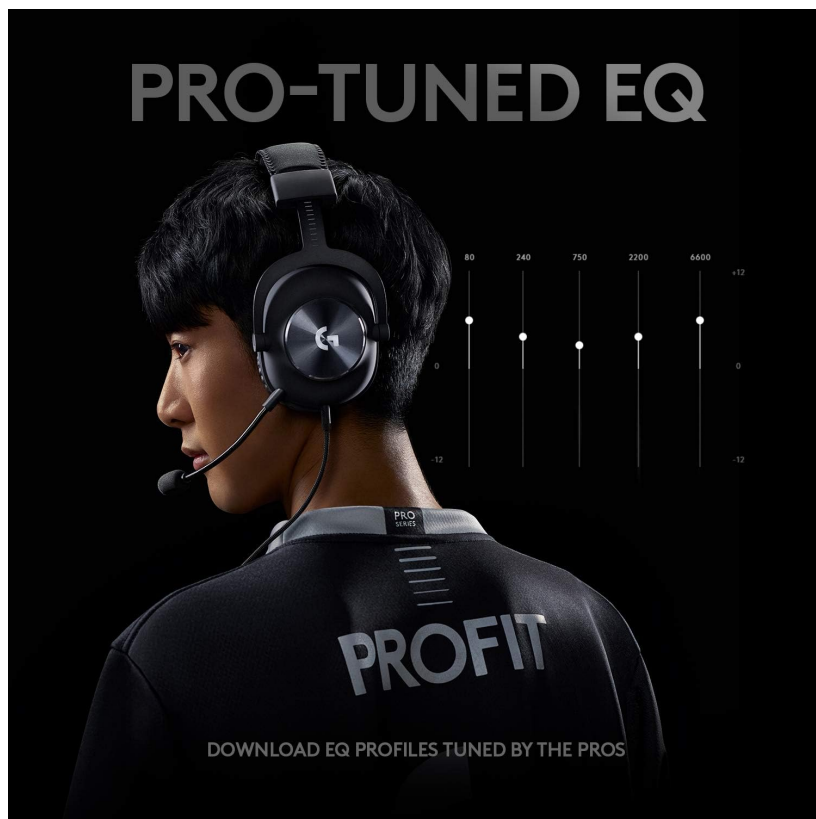

- **Comfortable Ear-Pads:** Soft memory foam ear-pads with options for noise-canceling leatherette or breathable velour, providing supreme comfort.

- **Premium USB External Sound Card:** Features EQ profile storage for tournament-level game sound and voice communication, customizable via Logitech G HUB.

- **Pro-Designed EQ Profiles:** Offers downloadable EQ profiles with Logitech G Hub software, allowing for customized 5-band EQ settings.

- **Mobile Compatibility:** Comes with a mobile cable with an inline mic, enabling usage without the boom mic, and includes a carrying bag for travel protection.

These features collectively make the Logitech 981-000817 Gaming Headset suitable for both professional gamers and enthusiasts, emphasizing comfort, sound quality, and durability. Please refer to the official Logitech website or authorized retailers for more detailed specifications and information on this particular model.

WHAT YOU NEED

- PC with USB port

FAQ'S

Is the Logitech 981-000817 Gaming Headset compatible with consoles?

This headset is designed for use with Windows PCs, and the usage of certain features requires the Logitech G HUB software. Compatibility with specific consoles may vary, so please check the product details or consult with Logitech support.

Can I use the headset without the included USB external sound card?

The USB external sound card is required for certain features like real-time Blue Voice technology and 7.1 surround sound. However, basic functionality may still be available without it.

Is the software needed for using the microphone's noise reduction feature?

Yes, the real-time Blue Voice technology, including noise reduction, requires the included USB external sound card, a Windows PC, and the Logitech G HUB software.

Can I customize the EQ settings of the headset?

Yes, with the Logitech G HUB software, you can customize and save user or pro-tuned 5-band EQ settings.

Can the ear-pads be replaced?

The headset comes with soft memory foam ear-pads and options for noise-canceling leatherette or breathable velour. Information about replaceability may be found in the product manual or by contacting Logitech support.

Is there a mobile compatibility feature?

The PRO X gaming headset includes a mobile cable with an inline mic, allowing for use without the boom mic. Check the product specifications for compatibility with specific mobile devices.

Will I need a voltage converter if using this product outside the US?

The headset is designed for use in the U.S., and differences in outlets and voltage internationally may require an adapter or converter. Make sure to check compatibility for your specific destination.

Can the detachable microphone be used with other devices?

The detachable microphone is designed for use with this particular headset model. Compatibility with other devices may vary and should be confirmed with Logitech's support.

What materials are the ear-pads made of?

The ear-pads are made of soft memory foam and come with options for premium passive noise-canceling leatherette or soft, breathable velour.

Is the headset suitable for long gaming sessions?

With features like soft memory foam ear-pads and premium materials, the headset is designed for comfort. However, individual preferences and sensitivities may vary.
