CONNECT

Bluetooth wireless technology
In case you have limited USB slots, you can connect your M585 or M590 Silent mouse to your computer using Bluetooth. For compatibility requirements, please refer to system requirements
www.logitech.com/options

1. Download Logitech Options, click Add Devices, and select Add Bluetooth Device
2. Remove pull tab or make sure your mouse is ON

3. Short press Easy-Switch button to select desired channel

4. Long press Easy-Switch button to enter pairing mode

5. Find your M585/M90 mouse on the list of Bluetooth devices and connect

Logitech M585/M590 Silent can connect to one computer on the two provided channels using Bluetooth.
Unifying USB receiver

One tiny receiver for up to six Unifying devices. Plug it and leave it, then connect additional mice and keyboards to one computer.
First time out of the box

www.logitech.com/options

1. Download Logitech Options, click Add Devices, and select Add Unifying Device

2. Remove pull tab or make sure your mouse is on and extract Unifying receiver from battery hatch

1 sec.

3. Short press Easy-Switch button to select desired channel

3 sec.
