For additional mouse and keyboard features and configuration, go to www.logitech.com/support/mk240.

Download and install the Logitech® SetPoint™ software for Windows®.

Troubleshooting

Mouse or keyboard not working

- Turn on the mouse.
- Check the receiver connection.
- Try a different USB port on your computer.
- Connect directly to your computer. Do not use a USB hub.
- Check the battery orientation or replace the batteries.
- Remove metallic objects near the mouse and keyboard.
