logitech MK950 Business Wireless Keyboard And Mouse Combo Instructions

Welcome to a new standard for wireless keyboards and mice. Signature Slim MK950 combines the slim profile and typing experience that employees desire — plus super fast scrolling and multi- device switching for elevated productivity. Designed with sustainability in mind, it's a choice you'll feel good about.

FEATURES

- Perfect for Employees and IT: Keyboard and mouse combo for work with slim design, laptop- style typing, and super fast scrolling for users, plus secure wireless connections and easy deployment for IT
- Enterprise Security: Logi Bolt wireless technology addresses security concerns with BLE; equipped with Secure Connections Only Mode; Logi Bolt receiver included
- Designed for Today's Workforce: A business-grade, sleek, fullsize Bluetooth keyboard and a contoured Bluetooth mouse bring upgraded design and comfort to the desktop
- Laptop- Style Typing Experience: The slim keyboard features low- profile keys with a subtle scoop for a familiar typing experience; ideal for touch typists
- SmartWheel Technology: The wireless mouse is designed for different work tasks, with precise line-by-line scrolling or super fast scrolling with a flick of the SmartWheel
- Works Across Devices: Connect wirelessly via Logi Bolt or Bluetooth and seamlessly switch between 3 of your devices with a press of the Easy-Switch button for easy multitasking
- Quiet Typing and Clicking: Promote focus for employees and nearby colleagues with this quiet keyboard and mouse; produces 90% less mouse click noise with Silent Touch technology (1)
- Designed with Sustainability in Mind: The plastic parts in the Signature Slim MK950 for Business are made with a minimum of 61% post-consumer recycled plastic (2)

1. Click noise reduced by over 90% compared to Logitech M185. Left click and typing dBA level measured by an independent lab at 1 metre.
2. Excludes plastic in printed wiring assembly (PWA), cables, receiver, and packaging.
3. Available on Windows and macOS at logi.com/optionsplus

4. Requires Logi Tune to be downloaded on employees' laptops or computers. Logi Tune is available on Windows and macOS at logi.com/tune
5. Battery life may vary based on user and computing conditions. [China only] Keyboard battery life calculation based on an estimated two million keystrokes / year in an office environment. User experience may vary.
6. Customise device by installing the Logi Options+ app available on Windows and macOS at logi.com/optionsplus.
7. Logi Options+ app is currently not supported. The device's basic functions will work without it.
8. Mouse not supported by iOS.
9. Wireless range may vary depending on operating environment and computer setup.

WHAT'S IN THE BOX
