COMPATIBILITY

For audio playback: smartphones, tablets, and other devices that support Bluetooth® [Advanced Audio Distribution Profile (A2DP)]

overview

Product Usage Instructions

Battery Removal for Recycling

To remove the battery for recycling, follow the guidelines provided by local laws. Ensure proper disposal to prevent environmental impact.

Charging Safety:

Always charge the speaker with a clean, dry USB-C connector to avoid heat-related issues. Do not use wet or contaminated connectors.

Volume Safety:

Avoid exposure to noise levels above 85 decibels for extended periods to prevent hearing damage. Use safe volumes to protect your hearing.

Maintenance

No specific maintenance is required for compliance. Regularly check for any physical damage and ensure proper functioning of the speaker.

13 HOURS OF BOOM

This little guy knows how to bring it. Packing 13 hours of killer sound, it bangs through impromptu raves, beach detour is, and pool parties. No matter what you do, it goes And On Til the break of daw:

FLOAT YOUR BOAT

WONDERBOOM 2 has one word for you: CANNONBALL. An IP67 rating means it's super waterproof, dust-proof, and built to make a splash. It's your floatable pool pal, your shower buddy, your summer soundtrack. Even when you're in waist-deep, it hits you with waves of glorious sound.

PAIR TWO FOR STEREO BOOM

When you just gotta crank it, one push of a button wirelessly pairs two WONDERBOOM 2 speakers for even more pow! So grab a friend to connect, party louder, or immerse yourself in beautiful true wireless stereo sound – anywhere. Talk about squad goals. It's so friendly, it'll even connect with WONDERBOOM™ to double the sound! (Doesn't connect with BOOM, MEGABOOM, BLAST, or MEGABLAST.)

DROP IT LIKE IT'S HOT

WONDERBOOM 2 is one seriously portable speaker. With a surprisingly big sound in one petite package, it's drop-proof* and sports a stylish hanging loop – so you can clip it, drop it, and rock it just about anywhere. Whether you're dancing, biking, or taking the plunge, it's built to bang on. *Drop-tested from 5 ft / 1.5 m.

FAQs

Q: How do I dispose of non-operational batteries?

A: Non-operational batteries should be discarded according to local laws. If no regulations apply, dispose of them in a waste bin for electronics.

Q: Where can I find more information on product compliance and recycling?

A: Visit www.logitech.com/compliance for information on Product Safety, EMC, RF, Energy, RoHS, and WEEE compliance. For recycling guidelines, visit www.logitech.com/recycling or contact your local authorities.
