Mirage Series Wire Free Security Systems Camera

Mirage Series NVRs

Loxex Wire-Free Security Systems are an easy home security solution that uses battery-operated cameras that wirelessly connect to an NVR

Improved Range and Connectivity

Wi-Fi HaLow connection ensures better connectivity overall, even across longer distances, as it uses the less crowded, below 1GHz frequencies.

Get Alerts that Matter

Only receive notifications you care about and reduce unwanted alerts with Person Detection with no recurring monthly fees.

Private Local Storage

What does your security camera record the most of? You. Keep your recordings where they belong – Private, at home and in your control with the NVR's dedicated local storage. Enjoy ample storage for your video recordings with the included Hard Drive.

Mirage Series NVRs

Mirage Series Cameras

Minimal installation efforts, maximum security— Crystal clear clarity, day and night, 2-Way Talk, local storage, and a host of features for ultimate security.

Minimal installation efforts, maximum security— Crystal clear clarity, day and night, 2-Way Talk, local storage, and a host of features for ultimate security.

No cables required

Lose the wires, not the coverage. Get security where you need it the most and enjoy flexible and seamless installation thanks to the battery-operated design.

Get Alerts that Matter

Only receive notifications you care about and reduce unwanted alerts with Person Detection with no recurring monthly fees.

Proactive Security

Get an added layer of security and deter unwanted visitors with the motion-activated warning light and a remotely triggered siren.
