Lovebox COMOYA Color Photo Device

Launch Date: December 16, 2020

Price: \$80

Introduction

This is a one-of-a-kind, interactive texting device called the Lovebox Color & Photo. It will make your relationships happier and stronger. It is made from high-quality bamboo wood and blends technology and design to make moments that matter. From anywhere in the world, you can use the Lovebox app to send pictures, drawings, and bright notes. The device's spinning heart lets the receiver know they have a new message, which is a sweet surprise. If they turn the heart, they can send the sender a chain of virtual hearts. You can share daily memories, sweet notes, and creative feelings with loved ones of any age with the Lovebox Color & Photo. This Wi-Fi-enabled device makes keeping connected easy and fun thanks to its simple interface. You can use the Lovebox to make everyday texts more heartwarming when you're not with your partner, parents, grandparents, or kids. It's the perfect gift for any event and helps people fall in love and meet even when they are far apart.

Features

1. Picture and Color Messages

- Communication that Expresses: The Lovebox lets users send bright photos, messages, hand-drawn pictures, and even stickers, which makes it more interesting than texting.
- **Personalization:** The app lets users make their messages more unique by drawing, writing notes, or adding emojis.
- Share holiday pictures ?, family moments ????, sweet notes ?, or your own drawings ? with the people you care about.
- 2. **Interactive Heart Movement:** When a new message comes in, the Lovebox's pixelated heart spins, letting you know it's a happy treat.

People who receive the message can spin the heart to send a virtual "shower of hearts" back to the person who sent it, making the experience fun and touching.

3. An app that's easy to use

- Universal Compatibility: The Lovebox app is free to download and easy to use on both iOS and Android.
- Connectivity around the world: Messages can be sent from anywhere, making it easy to talk to people far away.
- Shared Access: More than one person can join to the same Lovebox at the same time, so families or groups of friends can add together.

4. Sending emails

• Convenience: Since every Lovebox has its own email address, users can send up to three pictures at

once without the app.

• **Simple Sharing:** This is great for people who would rather use email than mobile apps, making things more accessible.

5. A Present for Any Event

Uses: It's great for Valentine's Day, birthdays, anniversaries, Christmas, Mother's or Father's Day, or as a wedding gift.

It's a thoughtful way to show your partner, parents, grandparents, kids, or friends that you love and care about them.

6. Using your creativity

- Photos: Show off your favorite moments or quick snaps from your day.
- **Drawings:** Use bright sketches and doodles to show off your ideas.
- Sending messages: Tell someone you love them or say something positive.
- Stickers: Use moving stickers to add a fun touch.

7. Well-thought-out and intuitive design

- Easy to Use: The Lovebox is easy to set up and use, so people of all ages can use it.
- Eco-friendly materials: made from high-quality bamboo wood, which is both strong and beautiful.
- Small Size: It's easy to put anywhere because it's small, like at home or in the office.
- 8. **Connecting and setting up Wi-Fi:** For sending and getting messages, the Lovebox needs to be linked to Wi-Fi.

Access that can be customized: The owner can let certain people in, protecting privacy and keeping things private.

- 9. Claims for Couples: Sending daily texts or heartfelt notes can make your relationship stronger, whether you live together or not.
 - For Parents: If you live far away from your parents, stay in touch with them by sharing news about your life and important events.
 - For Grandparents: This app is great for grandparents who aren't very tech-savvy because it lets them receive love from their family in a simple, real way (they'll need Wi-Fi at home).
 - For Kids: If you have to travel or work late, leave goodnight words or encouraging notes for them.

10. Add-ons and extras

Anyone who wants to send love on your Lovebox can use the free app on their phone.

• All-in-One Packaging: It comes with a micro-USB cord, a US power plug, and a red pixel heart.

• A Daily Happiness Booster: Made to bring you joy and make your relationships stronger with people you care about.

A Step-by-Step Guide to How It Works

- 1. **Prepare:** Using the app, connect the Lovebox to Wi-Fi and let certain people use it.
- 2. **Send a message:** You can write and send unique texts, pictures, drawings, or stickers with this app.
- 3. **Take in and answer:** The heart beats faster when there is a message. To see the message, open the lid and spin the heart to send virtual hearts back.
- 4. Add More: If you need to, you can send photos straight to the Lovebox through email.
