provide comprehensive technical support for new and existing projects, as well as assist in project planning. You always have a team behind you for all LoxonerProjects!

FINALLY. Leverage the Loxone Digital Experience Tour to bring Loxone directly to your customers iin alow-cost, highly engaging way.

LOXONE Home Tour

EVERYTHING FROM A SINGLE SOURCE

From A for Audio to Z for Zoned Heating Control, the Miniserver handles a wide range of tasks, prioritizing security, convenience, and energy efficiency. Its highly flexible and scalable design ensures it can be tailored to meet the unique requirements of any project.

We are mostly known for being a hardware manufacturer. However, our hardware is only the tip of the iceberg! We are a software company. First and foremost, 85% of our development efforts go into our software tools. These tools differentiate us from the rest of the market.
