LUMASCAPE LS9010 Complete Linear Solution

Please read and follow all safety instructions carefully. Failure to do so will void the warranty.

WARNING

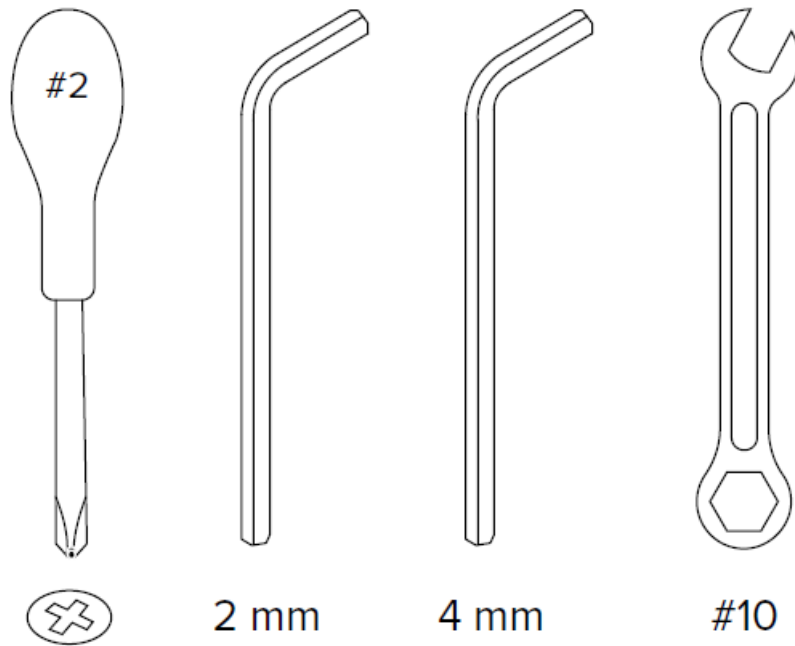

Product Warranty is void if the product is not installed as per installation instructions and in compliance with all local and provincial codes.

INSTRUCTION

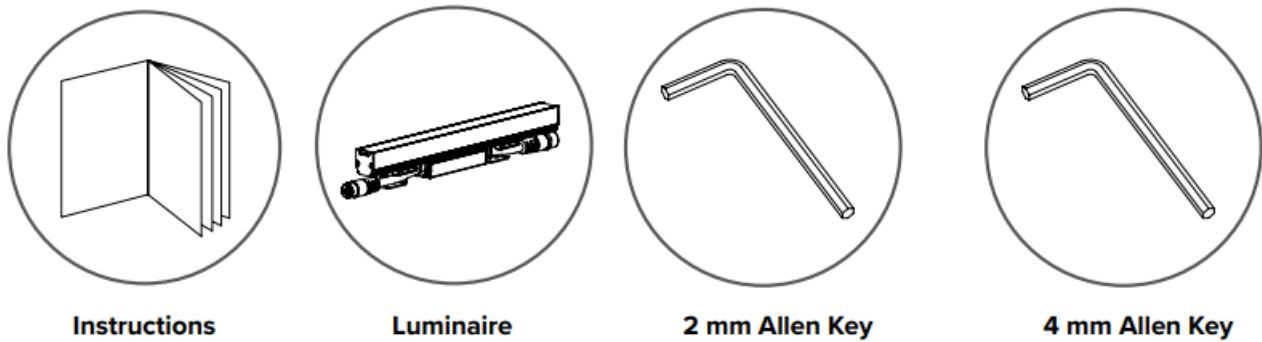

- Ensure installation complies with local electrical rules and regulations.
- All electrical work must be performed by a licensed electrician.
- Class III product SELV (symbol 3).
- All luminaires may become hot. Use discretion on where the luminaire is mounted. Take care when setting the luminaire as it may become hot.
- Luminaire should only be used complete with a protective shield. If the protective shield is cracked, immediately stop using the luminaire. Isolate the light source, keep it dry and immediately contact Lumascape for the replacement of the protective shield (symbol 10).
- If the external flexible cable or cord of this luminaire is damaged, it shall be exclusively replaced by Lumascape or their service agent in order to avoid a hazard.
- The light source contained in this luminaire shall only be replaced by Lumascape or its service agent.
- Do not stare at the operating light source. The luminaire should be positioned so that prolonged staring into the luminaire at a distance closer than 9.8' (3 m) is not expected (symbol 13).
- To reduce the risk of strangulation the flexible wiring connected to this luminaire shall be effectively fixed to the wall if the wiring is within arm's reach.
- Ensure mains input power is surge protected.
- Never make or break connections while the circuit is energized.
- Do not make modifications or alter the product.
- Keep luminaire clean and free of debris.
- Only clean with warm water.
- Do not use chemicals or abrasives to clean the luminaire as this may void the product warranty.
- Connections are to be kept clean and dry at all times.

- Suitable for use indoors or outdoors.

Tools Required

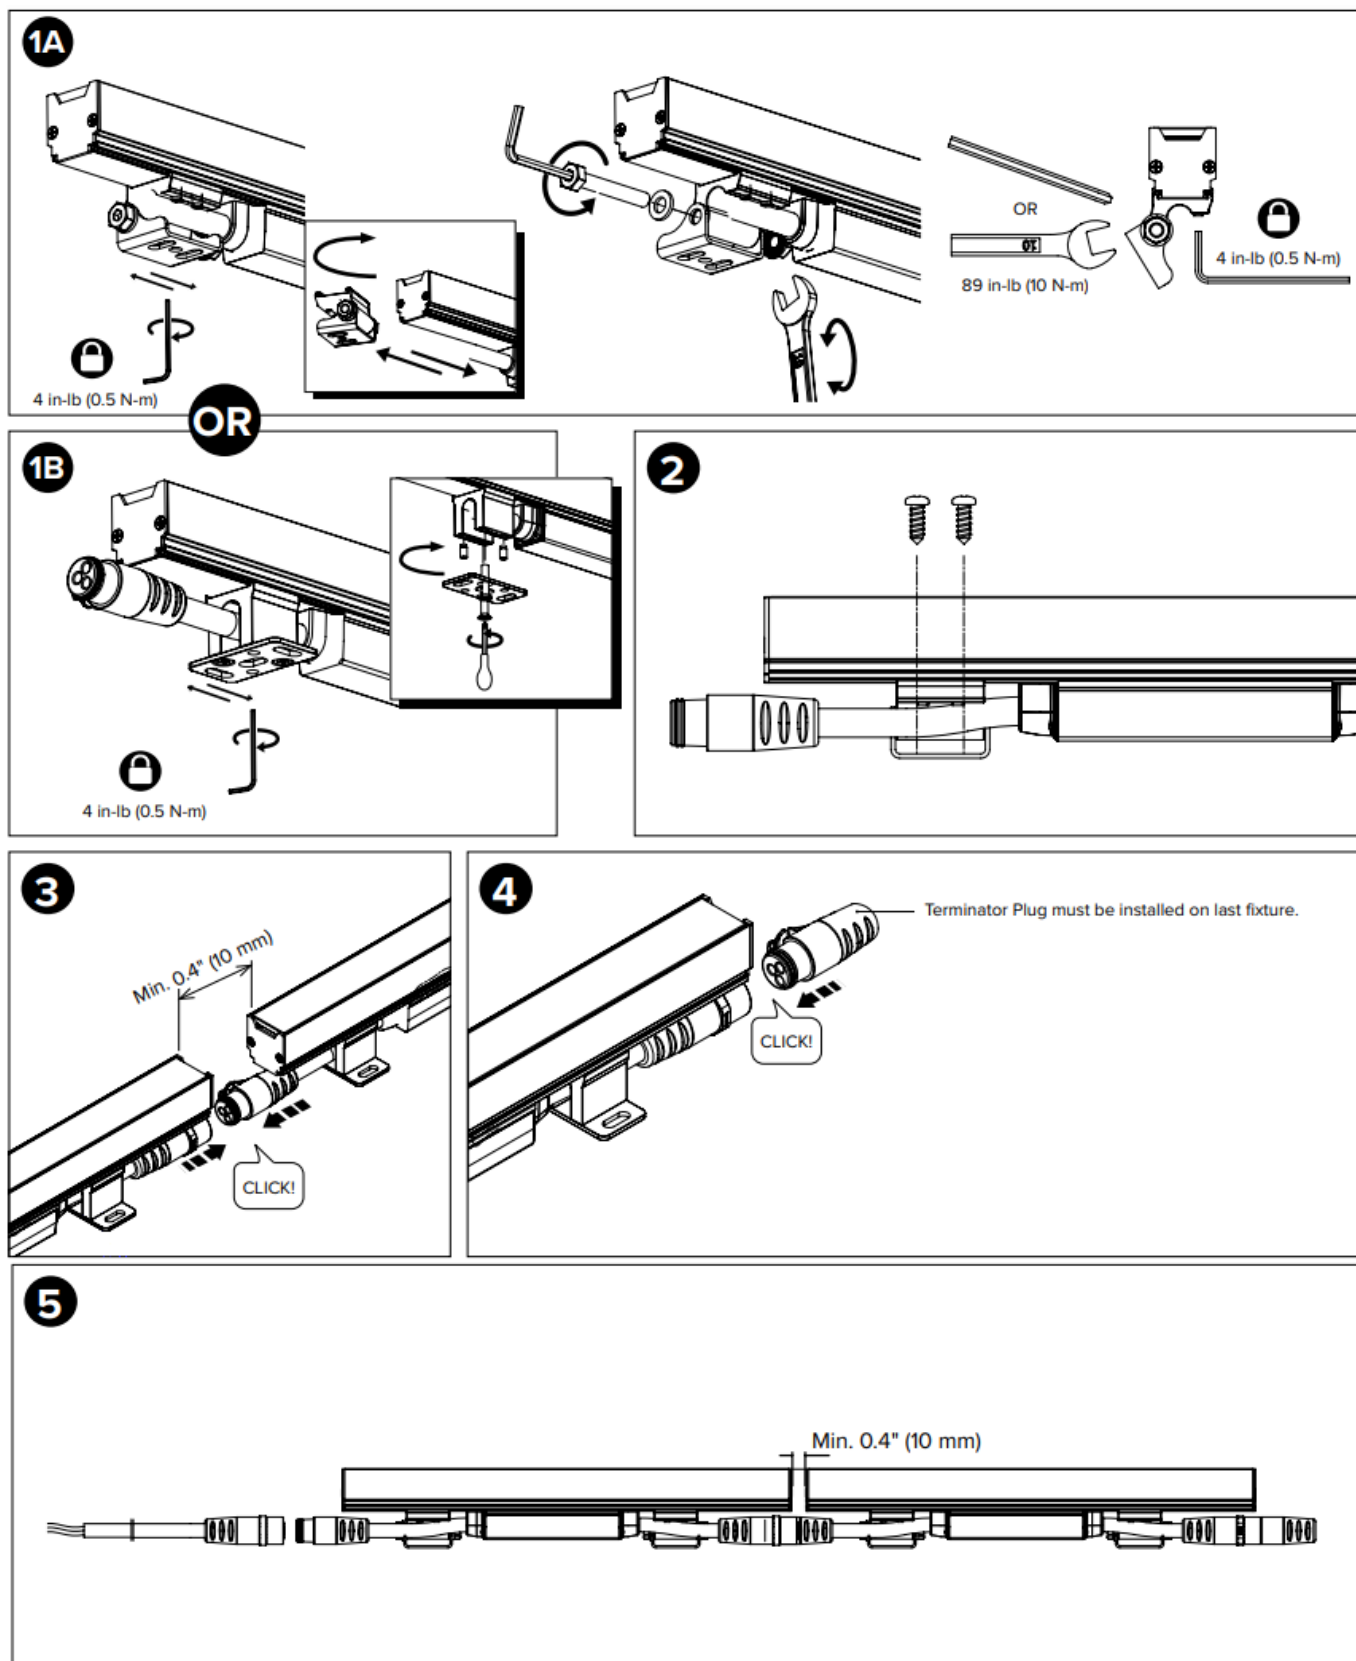

Included Components

CAUTION Risk of Electric Shock

- Do Not Use Power Tools on Screws
