Lumens Mini Product Line Introduction Video Conference Camera

Professional Video Conferencing (VC) Camera

While built-in laptop cameras and consumer video conferencing cameras work with most platforms (such as Skype, Teams, Zoom, and Webex), professional VC cameras also typically offer enhanced video and audio quality, and much greater versatility.

Professional models include

- ePTZ functionality with auto-framing which adapts the picture according to the number and position of participants in a small huddle space

VC-B11U
4K USB Conference Camera

- Robotic PTZ camera head for use in medium-sized meeting rooms

VC-B30U
Full HD USB PTZ Camera

- All-in-one video soundbar design incorporating a camera, microphones, and speaker in one device

MS-10
4K Video Soundbar

How do I mount and install Video Conference Camera
