SETUP GUIDE

- **Unbox the Toy:** Carefully take Lumies out of its box, making sure not to damage it in the process.
- **Find the Battery Compartment:** The battery compartment is usually on the back or bottom of the Lumie.
- **Install Batteries:** Put three AAA batteries into the compartment, making sure they are in the right way by following the marks for polarity.

- **Close the Box Tightly:** Once the batteries are in, close the battery box tightly to keep them from falling out.
- **Power Up the Toy:** To turn on a Lumie, press the power button, which is usually near the battery box.
- **Test the Interactive Features:** Press Lumies' nose or other buttons to make sure the lights and sounds are working right.
- **Show How to Use:** Show kids how to change colors and sounds by hitting different buttons, and encourage them to play around.
- **Set Up a Comfortable Play Area:** Make a cozy area where kids can sit and play with Lumies without getting too uncomfortable.
- **Help Kids Recognize Colors:** While they play with Lumies, help them figure out what colors are around them. This will make their learning experience better.
- **Add to Daily Routines:** To help kids remember colors, use Lumies as part of their daily play routine.
- **Do Things with Other People:** Bring Lumies to play dates or family get-togethers to help kids get to know each other and work together.
- **Use for Educational Games:** Make games where you have to find and match colors, which will keep kids interested and help them learn.
- **Watch Kids Play:** Keep an eye on kids while they play to make sure they stay safe with Lumies and support good behavior.
- **Use Differently:** Lumies can be used for both educational and artistic play, which encourages people to be creative with how they use them.
- **Celebrate Learning Milestones:** Give Lumies to kids as a prize or way to let them know they did a good job with an activity or identifying colors.

CARE & MAINTENANCE

- **Keeping Lumies Clean:** Wipe it down with a soft, dry cloth every so often to keep it dust-free.
- **Avoid Water:** Keep the toy away from water to keep the electronics and fabric from getting damaged.
- **Check for Damage:** Look for any loose parts, wear, or damage on a regular basis, mainly around seams and computer parts.
- **Replace Batteries Right Away:** If the lights or sounds stop working, you need to replace the batteries right away to keep them working.
- **How to Store It:** When not in use, keep Lumies in a cool, dry place to keep it safe from dust and damage.
- **Handling with Care:** Teach kids to be careful when they play with Lumies so they don't break any parts or damage the plush material.
- **Only Clean Spots:** If the toy gets dirty, use a wet cloth to wipe it down instead of putting it in water.
- **Secure Loose Parts:** Make sure that any parts that can be taken off are securely connected so that they don't get lost while you play.
- **Check for Allergens:** Keep the area where Lumies is presented clean to keep allergens and dust from building up.
- **Educate on Proper Use:** Teach kids how to use Lumies safely and make sure they know not to leave them alone.
- **Rotate Display Location:** Move Lumies around every so often to keep it looking new and to keep it out of the sun.
- **Look for Signs of Wear:** Check the soft material often for signs of wear and replace it if needed.
- **Encourage Creative Play:** To help kids be more creative, let them use their imaginations when they play with

Lumies.

- **Encourage Responsible Play:** Remind kids to play with the toy in a safe and responsible way, especially when they are with younger brothers.
- **Use Playtime to Teach:** When kids play with Lumies, use it as a chance to teach them how to take care of their toys and treat their things with respect.
