Lumify Work AWS Jam Session Cloud Operations on AWS

LENGTH

1 day

AWS AT LUMIFY WORK

Lumify Work is an official AWS Training Partner for Australia, New Zealand, and the Philippines. Through our Authorised AWS Instructors, we can provide you with a learning path that's relevant to you and your organisation, so you can

get more out of the cloud. We offer virtual and face-to-face classroom-based training to help you build your cloud skills and enable you to achieve industry-recognised AWS Certification.

WHY STUDY THIS COURSE

This one-day course is designed to complement, enhance, and validate your AWS cloud skills and training. Take part in an AWS Jam, a gamified event, with teams competing to score points by completing a series of challenges according to established best practices based on concepts covered in the course. You'll experience a wide range of AWS services in a series of real-world scenarios that represent common operational and troubleshooting tasks. The end result is developing, enhancing, and validating your skillsets in the AWS Cloud through real-world problem solving, exploring new services, features, and understanding how they interoperate.

WHAT YOU'LL LEARN

- Develop, enhance, and validate your skills in the AWS Cloud through realworld problem solving
- Work in a team environment to solve challenges

COURSE SUBJECTS

- Experience a wide range of AWS services in a series of real-world scenarios that represent common operational and troubleshooting tasks
- Explore new services and features, and understand how they interoperate

My instructor was great being able to put scenarios into real world instances that related to my specific situation.

I was made to feel welcome from the moment I arrived and the ability to sit as a group outside the classroom to discuss our situations and our goals was extremely valuable.

I learnt a lot and felt it was important that my goals by attending this course were met.

Great job Lumify Work team.
