Lumify Work provides a select range of SAP training courses for SAP S/4HANA, SAP HANA, SAP BusinessObjects, and more. Lumify Work can work with you to navigate the curriculum and help you create a learning plan that will ultimately boost technology proficiency across your organization.

## WHY STUDY THIS COURSE

This instructor-led course shows in detail the processes and functions of preventive maintenance and service. In the first step, the creation of task lists is shown together with the relevant customizing settings. The focus is on creating and scheduling time-based and performance-based maintenance plans.

## This course is based on software release:

- SAP ERP 6.0 Enhancement Package 8

**Note:** This course is a common course of curricula SAP Enterprise Asset Management and SAP Customer Service.

- My instructor was great being able to put scenarios into real-world instances that related to my specific situation
- I was made to feel welcome from the moment I arrived and the ability to sit as a group outside the classroom to discuss our situations and our goals was extremely valuable.
- I learned a lot and felt it was important that my goals by attending this course were met.
- Great job Lumify Work team.
- AMANDA NICOL IT SUPPORT SERVICES MANAGER – HEALTH WORLD LIMITED
