Luminans JP-ST64FWB WiFi E27 LED Bulb Drop form

Descripon

Sigge can be controlled through an App in your mobile or tablet. In the App you can set up your device and create scenarios and schedules for your lighting.

Usage and Connection

1. Download and install the app “TuyaSmart” from the Apple App Store or Google Play on your smart device.
Scan the QR code below for a direct link to the App.
2. Launch the “TuyaSmart” app.

3. Create a new account or log in to your exisng account.
4. Make sure Bluetooth is turned on in your smart device, as it’s necessary for the connection.
5. Screw in the lamp in a E27 socket, and turn on the power. If the light does not flash: Turn the power on and off, on – off – on – off – on.
6. When the light flashes, Sigge will appear in the app. If Sigge does not show up, press “+” in the upper right corner.

7. Add Sigge by clicking on “+”.

8. Confirm Wi-Fi network and password.
