Lumination IND628 LWS Series ProLine Switchable Wrap Mount

Product Information

The Switchable Wrap Surface Mount is a mount luminaire designed for commercial or industrial applications. It is a highly flexible product that offers switchable lumens and CCT, equivalent to 9 different SKU's. With a minimum five year design life, the LWS comes with a non-glare diffuser, making it an ideal choice for those with first cost needs. It is available in Narrow and Wide configurations, making it suitable for indoor general lighting on both new construction and retrofit solutions.

Specifications

- **Type:** Mount Luminaire
- **Input Voltage:** 120-277V
- **Input Frequency:** 50/60Hz
- **Standard Dimming Control:** 0-10V, Dimming > 0.90
- Power Factor (PF)*:
- Total Harmonic Distortion (THD)*:

Construction

The Switchable Wrap Surface Mount has a die-formed heavy-gauge steel housing with smooth hemmed sides for safe handling. The lens is a precision formed optical assembly comprised of high specularity reflectors and a transmissive lens. It has zero weight.

Product Usage Instructions

To use the Switchable Wrap Surface Mount, follow the below instructions:

1. Select the desired configuration – Narrow or Wide.
2. Select the desired lumens and CCT using the switchable feature.
3. Install the product using the field installable accessory kits. These kits require no guessing what the product needs of your next job will be.
4. Connect the product to an input voltage of 120-277V and input frequency of 50/60Hz.
5. Use the standard dimming control of 0-10V, Dimming > 0.90 to control the lighting.

The ProLine® LWS series is an LED contractor grade wrap surface mount luminaire ideal for commercial or industrial applications. Designed for maximum flexibility with switchable lumens and CCT, one product can offer

the equivalent of 9 different SKU's. Field installable accessory kits require no "guessing" what the product needs of your next job will be. LWS has a minimum five year design life with a non-glare diffuser for those with first cost needs. Available in Narrow and Wide configurations, LWS is suitable for indoor general lighting on both new construction and retrofit solutions.

CONSTRUCTION

Housing:	Die-formed heavy-gauge steel. With smooth hemmed sides for safe handling.
Lens:	Precision formed optical assembly comprised of high specularity reflectors, and a transmissive lens.
Weights:	<10 lbs

OPTICAL SYSTEM

Lumens:	Up to 5130 lumens
Wattage:	Up to 38W
Efficacy:	Up to 136 LPW
CCT:	3500K/4000K/5000K (Field Switchable)
CRI:	80+, R9>0

ELECTRICAL

Input Voltage:	120-277V
Input Frequency:	50/60Hz
Standard Dimming Control:	0-10V, Dimming
Power Factor (PF)*:	> 0.90
Total Harmonic Distortion (THD)*:	<20%

CONTROLS

Dimming: Standard – 0-10V, Dimming

AMBIENT TEMPERATURE

TYPE	TEMPERATURE RATE
OPERATING TEMPERATURE	0°C TO +25° C

MOUNTING

- Surface Mount w/ pre-drilled mounting holes
- Drivers and internal components accessed via bottom of luminaire.
- Ideal for industrial and commercial applications as well as stairwells, offices, and storage locations.

DESIGN LIFE & WARRANTY

- Damp Location rated
 - UL/cUL Certified
 - RoHS compliant
 - ANSI C82.77 Compliant
 - Current's Limited 5-year Warranty:
- Please refer to document IND599 for more information.

DAINTREE CONTROLS

Daintree® Wireless Controls:

There is no one size fits all for wireless controls. Some networks want simple solutions that reduce energy consumption and meet code compliance while others are more ambitious, looking to capitalize on the LED and controls savings to fund a scalable, enterprise-grade, internet of things solution. The advantage of the Daintree® Wireless platform is it's ability to integrate into indoor, outdoor and high bay environments. The Daintree® Wireless Controls provide the infrastructure to future proof your buildings, easily upgrade to Networked solutions and provide the ability to integrate into IoT solutions that are right for your business.

- **Daintree® One:** Standalone Wireless Controls
- **Daintree® EZ Connect:** Room-Based Wireless Lighting Controls
- **Daintree® Networked:** Networked Lighting Controls for Smart Building & IoT Enablement.

Daintree® Wireless Controls are already integrated in your favorite Current LED fixtures. Integrating the controls

into the fixture cuts labor costs considerably since the sensors are already embedded in the lighting fixtures. There's no need to get above the ceiling plenum and install additional devices. Visit our website <https://products.gecurrent.com> for a complete list of LED Fixtures.
