Mounting Instruction

Attention

- Installation of Luminaire and servicing of LED Components, may only be performed by an qualified Person.
- During the complete Luminaire installation process, the Luminaire must always be without Power.
- Always Power off Luminaire before opening or accessing any Part of the Luminaire during Service routines.
- Non-user replaceable Lightsource: The Lightsource contained in this Luminaire shall only be replaced by the Manufacturer, or his Service agent or a similar qualified Person.
- " ESD sensitive components" avoid unnecessary touching LED Boards and LED Drivers.
- Optical Lenses, other forms of Optics and Grids, must always be mounted when Luminaire is in operation.
- Luminaire with DALI Driver must have an good active ground/earth Connection.

Removing opal cover

Gently push/flip to release the tabs and then flip the opalcover out.

1.d)

1.e)

GB - Remove geartray (if ELFIX luminaire).

DK - Release springs (disconnect Internal plug connection)

Installation and connection in 600×600 (Visible T – 15/24mm) ceiling.

2.a)

GB - Install luminaire box.

2.b)

GB - Make electrical connection.

GB - Dust cover = **Only open when using Linect connector.**

=> Loosen the screw and slide the dust cover open, then install Linectplug

2.c)

DK - Støvdæksel (Linect)

GB - Dustcover (Linect)

DK - Kabelafledning

GB - Cable relief

GB - Internal plug connection (if ELFIX luminaire).

DK - Tylle

GB - Grommet

Connection through 2 pcs. grommets or via Linect system (Linect connection is made on the backside of the luminaire). (When connecting with cable: Pay attention that the cable(s) are mounted/fixed so they can't make shadows on the opalcover).

Installation of geartray (if ELFIX luminaire), and installation of the opalcover.

GB - Install geartray (if ELFIX luminaire). Remember to connect Internal plug connection.

DK - Install the opalcover, begin by installing it on the locking tabs on one side.

GB - Gently push beneath the tabs with your fingers so, that the tabs are pushed into the luminaire box and then push the opalcover up into place in the luminaire.

GB - When the opalcover is "clicked" safely into place, the installation is done.
