**Before Using the Pillows:** 

- With billions of tons of packaging waste populating landfills across the world, here at Lunix, we understand the importance of sustainability in packaging and we are trying

to provide environment friendly options in order to reduce our carbon footprint.

- That's why the Lunix Wedge Pillow Set is compressed to use 60% less carton. This process does not affect in any way the foams. Simply release the foams from the packaging and let them naturally recover to their initial shape during 48 h.

## Care, Storage & Cleaning Instructions

- Once your kid's adventure is over, the Linux Modular Couch for Kids can serve as a regular couch or it can be easily stacked when not in use. Each piece has a zippered cover that is easily removable and washable.
- Do not place the pillows into any type of liquid.
- Keep away from all solvents and harsh detergents.
- The bamboo cover is machine washable with cold water.
- Be careful while removing the cover from the pillow: we recommend curving the foam (to make it smaller) while removing the cover to avoid ripping it up.
