## M LTMIRROR

M LTMIRROR XL01 Lighted Mirror With Bluetooth Speaker

## Specifications

- Product Model: GR-BG Bluetooth Speaker
- Battery: Rechargeable 1000mAh lithium battery
- Bluetooth Compatibility: Bluetooth-enabled devices

## Product Information

- Ensure the speaker is charged.
- Turn on the speaker by pressing and holding the Bluetooth touch button.
- Pair the speaker with a Bluetooth-compatible device by searching for XL01 and completing the pairing process.
- To disconnect a device, turn off the Bluetooth function on the device.
- Adjust sound settings on the connected Bluetooth device.
- Make phone calls using the speaker as a hands-free device.
- Store the speaker in a cool, dry place when not in use.
- Ensure the switch position is OFF when not in use for an extended period.
- To turn on/off the speaker, shift the switch to ON/OFF, respectively.
- Pair the speaker with a Bluetooth-compatible device following the pairing instructions.
- To disconnect a device, turn off the Bluetooth function on the device.
- Adjust sound settings on the connected Bluetooth device.
- Make phone calls using the speaker as a hands-free device.
- Store the speaker in a clean, dry place.

## Instructions for use

- Please read the instructions carefully and retain them for future reference.

### Turn on/Turn off

- Turn on: shift to “on”
- Turn off: shift to “OFF”

Please make sure the switch position is “OFF” when the product is not to be used for a long time!

### Bluetooth mode

- Press and hold the Bluetooth touch button to turn on the speaker.
- Press and hold again to turn the speaker off.
- Once the speaker has been turned on, the beep indicates that the speaker is ready to connect.

### Pairing with a Bluetooth-compatible device

- **Step 1:** Search for the speaker using a Bluetooth-compatible device.
- Select “XL01” for pairing. Once pairing is completed, the beep sound indicates that the devices have been connected.
- **Step 2:** To disconnect or remove a Bluetooth-compatible device from the speaker, turn off the Bluetooth function on the compatible device.
- The speaker can now be connected to a new compatible device.
- **Step 3:** Once connected, the sound can be adjusted by the Bluetooth-compatible device.

### Making phone calls via a compatible Bluetooth device

- Once the Bluetooth-compatible device is paired with the speaker, you can make phone calls.
- Use the Bluetooth-compatible device, dial the number you want to call, and select the bluetooth/hands-free option.
- The speaker and its built-in microphone will now function as a hands-free device.

### Storing

- Store in a cool and dry place. Before storing, check that the device is clean and dry!

It operates with a rechargeable 1000mAh lithium battery

### CAUTION BATTERY

1. Non-rechargeable batteries are not to be recharged
2. The rechargeable batteries should be charged under adult supervision
3. Do not charge the batteries while they are hot. Let them cool down first.

4. The storage battery should be kept at full power and recharged every month
5. Overcharging, lack of charge, or overdischarge are forbidden to avoid damaging the storage battery.
6. Never mix different types of batteries
7. Used and empty batteries are to be removed from the item. Do not mix them with the new ones.
8. Never short-circuit the contacts. Follow the battery polarity indications.
9. Change the batteries if they do not work properly or if they have leaked, since they can be changed.
10. If you don't use the item for a long time, then take out the batteries.
11. Never put the batteries near the fire or heat sources, nor throw them into the fire.
12. Please wash immediately if the skin or clothes are touched by the liquid from the battery.
13. Do not dismantle the batteries
14. Changing batteries is to be done by adults. Keep away from children.
15. In case of swallowing, seek medical attention immediately!

## FAQ

- **Q: Can I charge the speaker with any USB charger?**
  - **A:** It is recommended to use the provided charging cable or a charger with appropriate specifications to avoid damaging the battery.
- **Q: How long does it take to fully charge the speaker?**
  - **A:** The charging time may vary, but it typically takes around 2-3 hours for a full charge.
- **Q: Can I use the speaker while it is charging?**
  - **A:** It is safe to use the speaker while it is charging, but it may affect the charging time.
