Fit shelf support

(Note:Shelf support is not included)

Installation introduction

(Note: This product only includes shelf track; other accessories are to be provided by the customer.)

1. Use guide rail positioning to punch holes in the wall.

2. Fasten the guide rail to the wall with screws.
(1) If the wall is a board, screw directly into the board.
(2) If the wall is a brick wall, first knock the expansion sleeve into the wall hole, and then tighten the screw to the expansion sleeve
(3) If the wall is drywall, first screw the aircraft expansion sleeve into the drywall, and then install the screw to the aircraft expansion sleeve.

3. Repeat steps 1 and 2 to install the remaining shelf track and shelf support.
(Note: All shelf tracks must be of the same height)
4. Install shelf support in an appropriate position as required.
5. Finally, place the board on the shelf support.
