How it Works

Engage your cat with a RoloRat Automatic Cat Toy. Its light-up eyes and whiskers combined with the moving tail of this rolling toy make it irresistible for cats to stalk. The auto setting will even randomly entertain your cat for you when you aren't home.

Battery Installation

1. Remove the battery door which is located on the bottom of the toy (**A**).
2. Insert 3 AAA batteries into the battery compartment (**B**).
3. Replace the battery door and ensure it is closed properly.

Basic Operating Instructions

Manual Mode

- Press and release power button located on nose of the toy to turn on power (**C**).
- The toy will activate and make clicking noises.
- The toy will automatically turn off after 10 minutes.
- If you wish to end play session before the toy automatically turns off, press the nose button then release.

Play While You Are Away Mode

Observe your cat playing with the toy before you enable the Play While You Are Away Mode. Make sure your cat can safely play with the toy in this mode, and that the toy is working properly before leaving your cat alone.

- To activate multiple play sessions throughout the day: When unit is off, press and hold the button for 3 seconds, until the toy beeps 3 times. The audible beeps indicate the toy will cycle through 3 play sessions.
- The next play session will begin 2 hours after the first play session. The final play session will begin two hours after the second play session has finished.
- Each play session will last 10 minutes.
- If you wish to power off, press the power button for 3 seconds, then release.
- Each time Play While You Are Away Mode is activated, and prior to leaving your cat unsupervised with the toy, ensure that the toy is in a safe location for your cat to play.
- Play While You Are Away Mode should be used at the owner's discretion.

Compliance FCC

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a specific installation. If interference does occur to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult customer care, the dealer, or an experienced radio/TV technician for help.

CAUTION: Modification or changes to this equipment not expressly approved by Radio Systems Corporation may void the user's authority to operate the equipment.
