Programs & Partnerships

Services

Why Acer for Education

Our goal is to bring evolving technologies to schools and education providers, supporting all kinds of educators to create the perfect learning environments that make it easy for students and teachers to connect, collaborate and engage from anywhere.

Designed for schools

Our range of affordable devices is rugged, secure, simple to deploy, and ready to create the most effective educational environment. But thas not all. We offer a tailored portfolio covering any learning needs from laptops to desktops, from monitors to projectors combined with best-in-class service. We design our products to empower teachers to unlock every student's potential.

Reliable ecosystem

Acer for Education is always looking to enrich services with new partnerships: from channel to alliance partners, from professional development partners to institutions.
We work in synergy with channel and alliance partners to provide the best knowledge and tools for teaching and learning needs.

Programs for teachers

We provide access to exciting and valuable resources for teachers from training resources to Community activities, to help teachers manage the classroom and productivity.

Campus solutions

We offer a tailored portfolio empowering campuses to prepare the leader of tomorrow for a secure environment for teaching, learning, research, and collaboration.

Eco-friendly touch

Our approach is to design innovative products while reducing their environmental impact. That is why our devices for education are made from recycled materials and thoughtfully designed to be durable and easy to upgrade so that they can last longer, reducing needless waste.

Our Commitment to the Environment

Earthion is Acer's mission to tackle our generation's environmental challenges through innovative and integrated solutions and engineer a better tomorrow. Our devices are designed with sustainable materials to reduce the environmental impact from start to finish. We do care about product design with green innovation, while reducing our carbon footprint by using renewable energy and eco-friendly packaging.

EARTHION

Saving the planet isn't easy – but together – it's possible.

45%
Less energy use
by 2025[1]

50%
Carbon reduction
by 2030[2]

100%
Renewable electricity
by 2035

Green by design
Our commitment begins with our products.

Sustainable Materials

Up to 30% of Post-Consumer Recycled plastics in the chassis - Recycled OceanGlass™ touchpads on selected devices - Printing realised with green chemistry.

Eco Certifications

Our products come with the most prestigious energy-efficient certifications.

Green Packaging

100% sustainable packaging – including recycled EPE and moulded-pulp.

Recyclability
Our products last longer and are more easily recycled, while our recycling programs give end-of-life devices a new purpose.

Repairability
Standard screws and Easy Fix keyboards facilitate reparation and reduce unnecessary waste.

Valuable

Cost-effective products coming with Acer Classroom Manager and designed for modern deployment.

ZERO-TOUCH ENROLLMENT   acer / Classroom Manager
Windows Classroom

Our notebooks running Microsoft's education solutions are designed to empower and engage students of all ages. Simple device setup and management allow teachers to tailor their learning environments quickly and efficiently.

# *Windows 11 SE for Education*

Unleash endless possibilities

For education customers seeking cost-effective devices, Microsoft Windows 11 SE offers a simplified, secure experience optimized for a cloud-first world featuring modern management.

Featuring an easy-to-use interface plus an education-first menu of curated apps, Windows 11 SE is optimized to deliver great education experiences catered to the unique needs of K-8 education.

Deliver truly personalised learning

Enjoy the new streamlined Start Menu, Task Bar and full-screen app launch. Plus, open documents quicker and make the most of built-in learning tools.

Performance optimisation

Gain performance on affordable devices that are built for education. Let your students get even more out of their notebooks with faster resume time, better battery life and less demand for memory.

Simple to deploy, manage, and secure

Safeguard students, teachers, and schools from cyber threats, no matter where they are. With cloud-based management using Microsoft Intune, IT admins can easily deploy devices, apply settings, and distribute apps.

> **"**
>
> Boost students' performance with Acer and Windows 11 SE.
>
> The TravelMate B3 and Spin B3 Windows 11 SE ready devices empower all students to safely learn, create and cooperate.

Intune for Education

Simplify device and app management

Microsoft Intune for Education is a cloud-based, mobile device management (MDM) service for schools. It helps your teachers and students stay productive on classroom devices, and keeps school data secure.

Simplified device and app management gives teachers more time to teach, and students more ways to learn and collaborate for a great classroom experience.

Simplified management

Streamline enrollment, deployment, and management of classroom devices, and the apps your school already uses.

Personalized experiences

Deliver a custom learning experience for each student, even on shared devices.

Easy app deployment

Deploy apps to students and educators without touching their devices. Apps follow users to any device, every time they log in.

**Safe and secure classrooms**

Secure your data, create a safe learning environment, and ensure privacy and compliance across all devices with Microsoft's comprehensive security solutions.

Windows Autopilot

Experience the modern deployment

With Windows Autopilot, quickly transform a new device into a classroom-ready state, or reset existing devices to remove apps, settings and personal files without physically having to touch the device.

Upon arrival, the brand new Acer devices are ready to be deployed!
From Intune for Education, designated devices can be updated all at once and not individually.

Key features:

Easy deployment at scale

Provision school devices via the cloud and Intune for Education with school-specific configurations and applications. When devices arrive, students can quickly log in and have immediate access – all without a teacher or IT administrator having to touch a device. Windows Autopilot Reset does it automatically.

Students can set up devices with self-deployment mode

Windows Autopilot supports a self-deploying mode that allows a student to connect a device directly to the network via ethernet without prompting for user authentication. Devices are quickly provisioned with no login required.

Execute large-scale remote reset with the touch of a button

Quickly prepare a group of devices by remotely resetting them with Intune for Education. In about 60 minutes the devices will start syncing your latest apps and settings.

Chrome Classroom

Acer Chromebooks are a range of simple yet powerful devices with built-in accessibility and security features to help students connect to the information they need, in the way they need to experience it, and with the right instruments to do their best work.

Google for Education

Built for learning

With Acer Chromebooks, educators can deepen classroom connections and foster more meaningful learning experiences.
[Collaborate]
Learn from anywhere

Students can access their apps, settings, and more from any device.

Prepare students for the future with collaborative projects that deepen digital skills.

Discover and share new apps with educators using the Chromebook App Hub.

[Easy to use]
Deploy and manage simply

Easy to distribute 1 or 100 devices using the Chrome partner ecosystem.

Simple to manage thousands of devices and set 200+ policies and commands.

Add users, devices, printers, and internet from central Google Admin Console.

[Flexible]
Accessible for all learners

Centrally manage hundreds of thousands of devices from the Admin Console.

Versatile form factors to suit different budgets and needs.

Shareable devices can be used across multiple classrooms and students.

[Secure]
Get the latest security updates

Background updates install the latest security and features every 6 weeks.

Two versions of ChromeOS on every device.

Sandboxing of identities, user profiles, and OS itself.

Layers of data encryption and verified security checks on boot up.

Easy to use, and easy on the planet

Acer Chromebooks are made for students and teachers who make an all-around effort to be more sustainable every day. Their durable design and long-lasting components help them last longer, minimizing resource consumption and e-waste.

Enhanced efficiency,
less energy usage and more digital well-being.

Environmentally friendly options
provided by cloud-based productivity tools.

Educate and enable sustainable practices
by choosing eco-friendly resources.

Elevate flexibility
with Google Classroom, Meet, Docs, Forms, Sheets and Slides.

Chrome Education Upgrade

Unlock the capabilities of ChromeOS

Chrome Education Upgrade empowers IT to create educational environments for teachers and learners to thrive in, with enhanced management, security, and support capabilities.

Leverage the full capabilities of ChromeOS to free up IT resources and give educators more time to focus on learning outcomes.

Powerful access control

Put admins in control of what users can access – from any device

Simplified deployment

Choose from hundreds of policies to deploy, manage, lock down, and secure devices, all from the cloud-based Google Admin console.

Advanced security

Ensure every device is secure whether they're owned by a student or the school and connect private devices to your network.

24/7 IT admin support at no additional cost

Take advantage of ChromeOS troubleshooting assistance. Call Google at any time if an issue comes up at no additional cost.

Why purchase Acer Chromebooks with Chrome Education Upgrade?

Reduce the time, effort, and complexity of provisioning, deploying, and managing Chromebooks in a school fleet.

Streamline and simplify the buying process.

Provide the devices and software Upgrades that your school, teachers, and students need to get started, right out of the box.

Zero-touch enrollment

With zero-touch enrolment, ChromeOS devices will automatically enroll into a school's domain as soon as the end-user connects to the internet.

Really ready out of the box

Once an end-user receives the device, all they need to do is get online, log in, and they're ready to go.

No need for manual configuration

Zero-touch enrolment ensures that ChromeOS devices are registered to enroll automatically once in the hand of end-users. This eliminates manual device enrolment by the IT department or end-users.

Built with security in mind

Hardware-backed attestation secures each device's identity and prevents attackers from spoofing devices.

How zero-touch enrollment for ChromeOS works

1. Buy

- Device is purchased from a service partner
- Pre-provisioning token is generated in the Google Admin Console and passed to the service partner

2. Ship

- Service partner registers the device with Google
- Device is drop-shipped directly to the user

3. Login

- User connects the device to Wi-Fi
- Google confirms the device's identity for security
- Device automatically enrolls into the customer's domain, and the user can now log in

Chromebook 311 C722(T)

A reliable, school-friendly device

With its safety certification, rugged design, reinforced hinges and ports, and mechanically anchored keys, Chromebook 311 is ideal for learners of all ages. In addition, the battery life, optional touchscreen functionality, and the 78° wide field of view HDR webcam enhance collaborative learning.

For Students

SCHOOL DAY PRODUCTIVITY   ROBUST DESIGN   MIL-STD 810H COMPLIANT   SPILL RESISTANT KEYBOARD

- 11.6" HD display • Mediatek MT8183 Processor • Up to 20 hours of battery life • 78° Wide Field of View Webcam
- 5MP world-facing camera • Keyboard with mechanically anchored keys • Moisture resistant touchpad

---

Chromebook 511 C741L(T)

An excellent choice for the digital classroom

The 4G LTE Acer Chromebook 511 gives students access to their work, applications, and learning materials in the cloud whenever they need it. The resistant design with the spill draining keyboard also featuring mechanically anchored keys makes this Chromebook perfect if computers are shared among students.

For Students

SCHOOL DAY PRODUCTIVITY   ROBUST DESIGN   MIL-STD 810H COMPLIANT   SPILL RESISTANT KEYBOARD   4GLTE
- 11.6" display (touch optional) • Qualcomm® Snapdragon™ 7c Compute Platform • Up to 20 hours of battery life
- 88°Wide Field of View Webcam • Optional 4G LTE • Keyboard with mechanically anchored keys • 330ml Keyboard draining

---

Chromebook 511 C734(T) / C736(T) **NEW**

Portable and classroom ready

The Chromebook 511 packs what it takes to deliver a superior learning experience. The rugged design protects the device from accidents, while the serviceable keyboard design makes the keyboard easy to fix. The long battery life, the extra performance provided by the latest Intel® Processor and the 11.6-inch IPS display ensure students can achieve more at school.

For Students

Specifications vary depending on the model and configuration.

Vero V7 series

Designed for all-day comfort

With a wide range of configurations and models from 21.5" to 28", each featuring a tiltable design and ZeroFrame, the Vero V7 monitor series ensures all-day comfort in any environment. On top of delivering stunning images and high-end connectivity, they let you simultaneously power your desktop PC and monitor.

• From FHD to 4K • 21.5", 23.8", 24", 27", 28" • 178 Wide viewing angle • Acer Display Widget-simplifies monitor tweaking
• 6-axis color adjustment • sRGB 99% • Tiltable robust stand design • 2Wx2 speaker • 35% PCR & 100% recyclable packaging

Vero B7 series

High reliability with outstanding performance

Showing more of what matters most with a near bezel-less display, the Vero B7 series meets all your school needs. With its robustly-designed stand and wide range of colour-enhancing technologies, this series is perfect for students who spend long hours in front of a monitor.

• From FHD to 4K UHD • 21.5", 23.8", 24", 27", 28" • Acer Display Widget-simplifies monitor tweaking • 90% DCI-P3 wide color gamut
• Acer ColorPlusä & Acer VisionCare technology • Robust stand design with strong stability • ErgoStand-Tilt, swivel and height adjust with flexibility • Built-in webcam • USB Type-C port • Up to 85% PCR, 5% OBP & 100% recyclable packaging

CB2 series

Outstanding from any viewpoint

Designed to display incredible images and colours with HDR-ready capability, CB2 series monitors let students enjoy a seamless visual experience thanks to their truly zero-frame design. The ergonomically designed stand with pivot, tilt, swivel and height adjustment, and eye-protecting technologies ensure comfortable use for extended lengths of time.
• Up to IPS WQHD resolution (3840x1600) • 23.8", 27", 28", 29", 31.5", 34", 37,5" • AMD® FreeSync™ • Acer HDR-ready • 1ms Visual Response Boost™ (VRB) • Acer Display Widget-simplifies monitor tweaking • RJ45 port (optional) • Ergonomically-designed stand with pivot, tilt, swivel and height adjustment

Veriton 2000 All-in-one

Expanded views for better collaboration

With thin bezels that let you see even more of the screen and viewing angles of 178°, the Veriton 2000 All-In-One gives students more space for working and enables better collaboration. The 12th Gen Intel® Core™ i5 Processor provides plenty of power for any task. Acer Flickerless™ and Acer BlueLightShield™ technology protect students' eyes when spending long hours looking at screens.

• Windows® 11 Pro 64-bit / Windows® 11 Home 64-bit • Up to 12th gen Intel® Core™ i5 Processor • Up to 64 GB of Dual-channel DDR4 memory • Up to 2TB HDD • Up to 1TB SSD • 22" or 24" Full HD IPS display • Wi-FI 6/E, 802.11ax/ac/a/b/g/n
• 5 MP webcam with privacy shutter

Add-in-one 24 (ChromeOS) NEW

Modular & Easy-to-Use AIO

The Acer Add-In-One 24 is the Acer Chromebox CXI5 that plugs into the back of a docking monitor to offer an experience similar to that of an all-in-one. To upgrade the device, you just need to swap in the latest Chromebox. Meanwhile, students can enjoy the 23.8" Full HD IPS narrow bezel display that can be tilted for easier viewing and the wide-angle webcam with a built-in camera shutter for better collaboration and privacy.

• ChromeOS • 12th Gen Intel® Core® Processor • Up to 16 GB of Dual-channel DDR4 memory • 256 GB SSD • Up to 128 GB eMMC
• Wi-Fi 6E with MU-MIMO • RJ45 port • Full Functions USB 4 Gen 3 Type-C Connector • Google Play Store

Specifications vary depending on the model and configuration.

Specifications vary depending on the model and configuration.

Projection Technology

Bringing advanced projection technology into classrooms allows teachers to inspire students and enhance the learning process supporting activities that develop new ways of thinking and foster collaboration.

Acer projectors combine brilliant displays, high resolutions and colour-enhancing features to deliver crystal-clear visuals, exceptional brightness and contrast ratio, and super-wide throw ratios, allowing more students to work collaboratively at the projection screen or wall.

• 360° Projection • 24/7 operation • Portrait mode • 50% PCR plastic in the chassis

Vero PD2 series

Projecting the future of business meeting

The Acer PD2 projector series combines high efficiency with an eco-friendly design. They present content with a clearer and sharper edge to bring presentations to life and keep lessons focused. They also come with Bluelight Shield that mitigates the negative effects of blue light exposure.

BUILT-IN SPEAKER	AC POWER ON	WI-FI PROJECTION	KEYSTONE CORRECTION	EXTREME ECO	POST CONSUMER RECYCLED

• Up to 1080p resolution (PD2527i) • Up to 3200 lumens brightness (PD2327W) • 20000hr lifespan • 120% Rec. 709 Wide color gamut (PD2527i) • Up to 10W built-in speaker • Acer Blue Light Shield • 50% PCR plastic in the chassis

Vero UL series

Perfect for teaching and learning

The Acer UL series projectors with ultra-short-throw technology can project a 120" image in a breathtakingly crisp Full HD resolution from just 31 cm, making it ideal for maximum impact and engaging education activities.

BUILT-IN SPEAKER	ULTRA-SHORT THROW	LAMP LIFE	LASER LIFESPAN

• Ultra-short-throw technology • WUXGA resolution (1920 x1200) • Up to 4,500 lumens • 3D Content Display Ready
• Laser diode 20000hrs lifespan • 10Wx2 built-in speaker • 360° Projection & Digital Zoom & Image Shift
• Crestron® network control for easy management

Specifications vary depending on the model and configuration.

S1 series

Short-throw versatility

Acer S1 projectors offer short-throw versatility, network control and wireless projection, greatly enhancing usability. With a flexible setup, power management solutions and up to 10,000 hours of lamp life, they are ideal tools for the classroom.

BUILT-IN SPEAKER	DISPLAY OVER USB	SHORT THROW	KEYSTONE CORRECTION	LAMP LIFE

• Short-throw projection • WXGA or XGA resolution • Up to 3,600 lumens • Up to 10,000 hours lamp life in ExtremeEco mode
• 16W built-in speaker • Crestron Network Control • USB Display (PC & Mobile) • Lan Projection • Multimedia Playback

Acer Smart Touch Kit II

A fun learning environment

Acer Smart Touch Kit II is an ideal solution that transforms any classroom into a truly interactive world. It turns any flat surfaces into an interactive and collaborative workspace supporting multi-touch and multi-user interactions.
Easy to set up and calibrate, this solution only requires a projector, a notebook and a screen to work, and comes complete with a user-friendly interactive whiteboard software that allows both teachers and students to enjoy a truly interactive classroom.

• Portable, reliable, easy-to-install • Turn any flat surface into an interactive whiteboard • Easy red light calibration • Finger-touch supported • Any opaque object can be used as a pen • High pointing accuracy • Automatic calibration within 5 seconds
• Multi-touch (multi-user) support: up to 10 points touch • Windows 10 compatible • Cost saving solution, comparing to traditional interactive whiteboards

Specifications vary depending on the model and configuration.

Esports
in Education

Esports in education can make a difference by transforming learning environments with powerful, innovative gaming solutions to revolutionize education through immersive learning, creativity and collaboration.

Level up your Classroom

Esports is an inclusive way to empower students to learn STEM and soft skills with lots of fun!

Leadership, teamwork, communication, pressure management, solution-finding, these soft skills which are essential even for today's job market, are always the hard-to-teach topics in the schools.
Acer continues to build up the best Esports-learning environment by introducing more and more devices and accessories to help the Esports learners. Besides the new gamepad, 5G router, gaming chair and table, don't miss our whole new gaming Chromebook!

Acer provides not just hardware but also contents, webinars and platforms to support you as teachers.
With Acer, you can launch Esports education in your schools safely.

Programs for Schools

Now more than ever, schools have to deal with full plates. Acer's comprehensive portfolio for education also includes programs conceived to support schools and educators in their daily endeavours to educate the next generations.

Acer GreenCycle for Education.

Acer GreenCycle collects old devices, purchase mistakes, no longer supported or broken or old equipment, and ensures that they are responsibly recycled or given a second life.

Here is how it works:

1. Buy a minimum of 20 Acer devices with up to Intel® Core™ i7 Processors.

2. Complete our online form, and we will have your old equipment collected.

3. An ITAD[1] company will erase all data and responsibly recycle the equipment.

Visit
https://emea-greencycle-education.acer.com

Acer Innovative School program

Our exclusive program is dedicated to schools that already use Acer devices and have implemented a digital transformation project. The program offers schools several benefits, including allowing teachers to share best practices, get to know new teaching approaches through training ad webinars, and be awarded for implementing special projects.

Join Acer's Innovative School Program!
Contact us at **acerforeducation.emea@acer.com**

Programs & Partnerships

1. ITAD stands for Information Technology Assets Disposition and denotes a company specialised in recycling IT equipment.

Tools for Teachers

Acer for Education offers a range of tools and resources designed to help teachers create engaging and rewarding learning experiences.

Acer Academy

Acer Academy is the dedicated program developed for educators to offer them tailored training and demos to increase their confidence in using technology.
Our webinars' offer includes several specific ones for teachers to obtain Microsoft Innovative Educator and Google Educator Level 1 / Level 2 certifications.

Subscribe to Acer for Education newsletter on our blog **acerforeducation.acer.com**

Acer Academy Training Library

Teachers can access the Acer Academy training library from the Acer for Education blog **acerforeducation.acer.com** and watch the webinars' recordings.

Teachers' Community

Our Teachers' Community is our international network where all EMEA teachers and schools can shape together new teaching methods and lead in the digital era.
Here teachers can meet in the break time area, freely interact, chat, and discuss education topics. Teachers' Community is also where educators can increase their knowledge through AMA sessions and Tuesday Tips while enjoying participating in contests.

Join our teachers community.

Our Partnerships

At Acer for Education, we understand that schools need comprehensive solutions to ensure simplicity, security, scalability in any learning experience.
That's why we continue building our education partnership ecosystem to help expand learning for everyone.

Acer Channel Partners

Our channel business model allows us to tailor our support and optimize operations around partners specific needs and expectations. The Acer Synergy Partner Program offers different levels of collaboration: Silver, Gold and Platinum that are designed to accommodate diverse levels of performance and expertise, ready to meet the needs of individual reference market segments. For Education, we offer two levels of certifications: Acer Education Partner and Acer Education Partner - Solution Centre.

Acer Education Partners act as a link between Acer and the world of schools and universities by helping them meet their technological needs and providing full IT solutions that fit their specific setting.

Acer Education Solution Centre is a best-in-class partnership dedicated to a limited number of partners with a high level of educational expertise. This commitment to excellence ensures our strategic partners develop the specialization and efficiency they need to drive innovation in schools.

Acer Alliance Partners

Through strategic partnerships with some of the world's leading companies, Acer for Education supports digital transformation in education and provides innovative solutions to shape the school of tomorrow.

Professional Institutions

Working closely with professional institutions and all stakeholders, from governments to schools and industry partners, Acer for Education brings about innovation in teaching and learning.
