Product Overview

Transmitter / Charging Dock

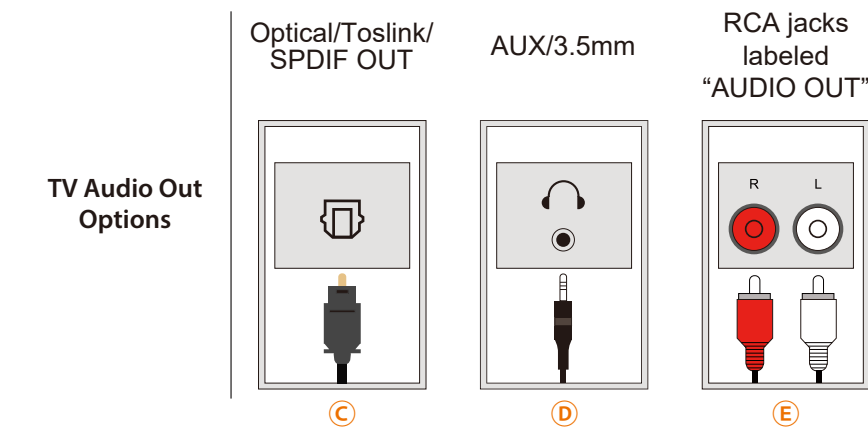

Earphone

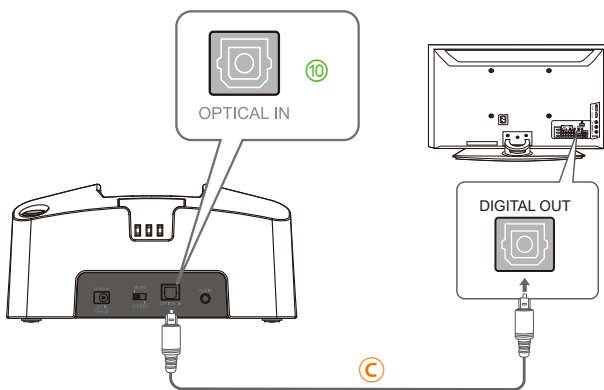

Step 1 – Connecting the DOCK to your TV

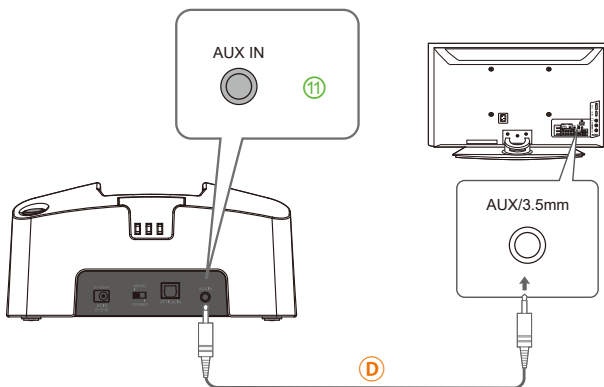

Determine what types of audio ports you have.
Do NOT turn anything on.

OPTION 1: Digital OPTICAL/TOSLINK/SPDIF – **Recommended!**

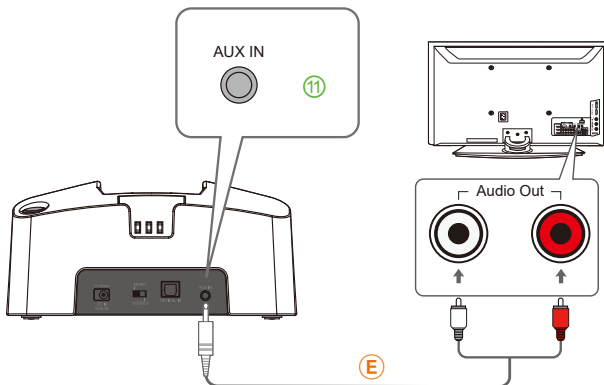

OPTION 2: AUX 3.5mm/ Headphone Out

OPTION 3: Red/White RCA Audio Out*

NOTE: The Red & White RCA ports must be labeled "AUDIO OUT" to work.

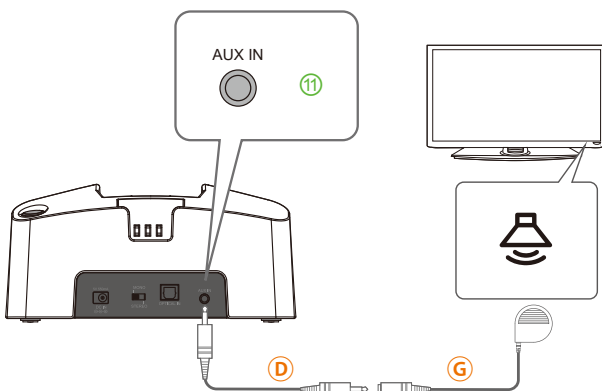

DE: HINWEIS: Die rot-weißen Cinch-Anschlüsse müssen mit "AUDIO OUT" gekennzeichnet sein, damit sie funktionieren.

FR: REMARQUE: Les ports RCA rouge et blanc doivent être étiquetés «SORTIE AUDIO» pour fonctionner.

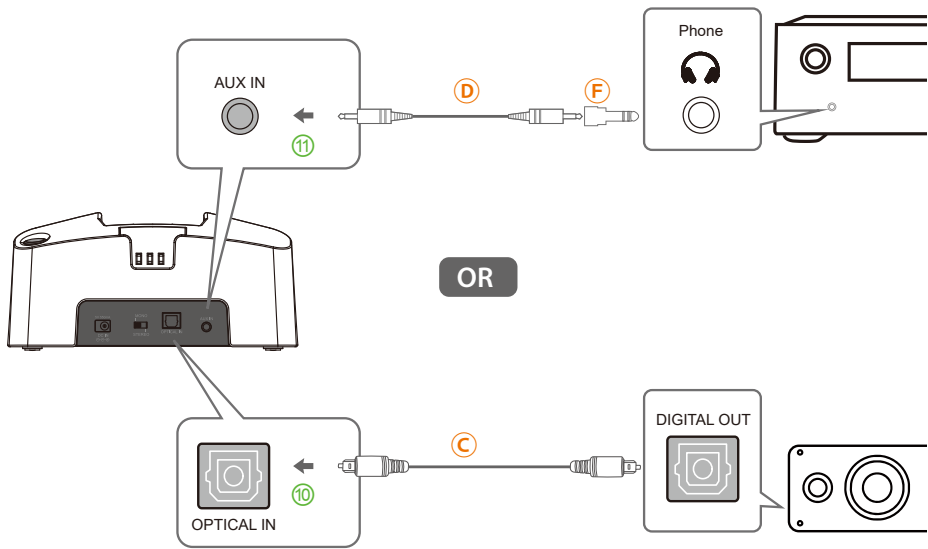

IT: NOTA: le porte RCA Red & White devono essere etichettate "AUDIO OUT" per funzionare.

ES: NOTA: Los puertos RCA rojo y blanco deben estar etiquetados como "SALIDA DE AUDIO" para que funcionen.

OPTION 4: Can't Reach / Do Not Have Output Ports on TV?

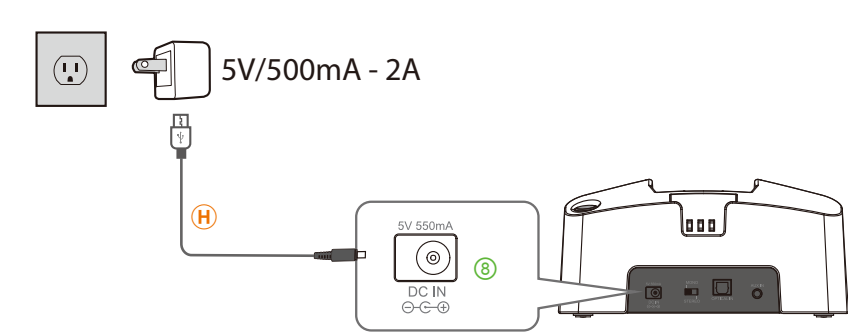

OPTION 5: If You Have a Soundbar or AV Receiver

Step 2 Connecting the Earphone to the Transmitter Dock

Part 1. Connect the transmitter dock to a power source. We recommend connecting it to a wall outlet using a USB wall adapter (not included).

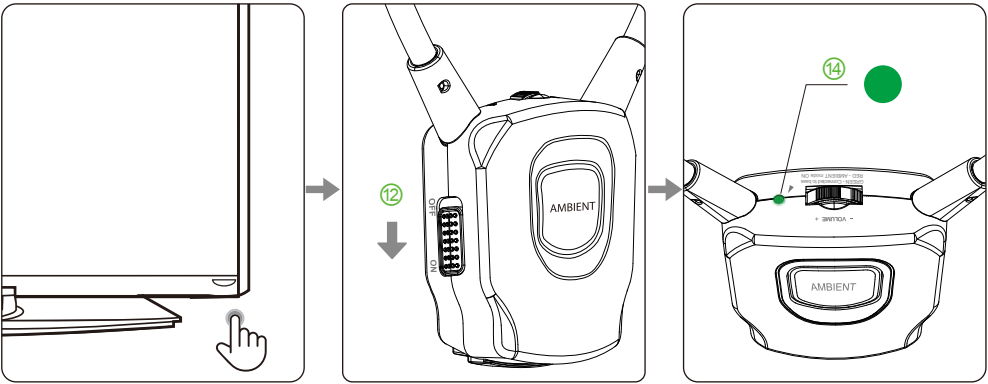

DE: Teil 1: Schließen Sie das Senderdock an eine Stromquelle an. Wir empfehlen, es mit einem USB-Wandadapter (nicht im Lieferumfang enthalten) an eine Steckdose anzuschließen. *

FR: Partie 1: Connectez la station d'accueil de l'émetteur à une source d'alimentation. Nous vous recommandons de le connecter à une prise murale à l'aide d'un adaptateur mural USB (non inclus). *

IT: Parte 1: Collegare il dock del trasmettitore a una fonte di alimentazione. Si consiglia di collegarlo a una presa a muro utilizzando un adattatore da parete USB (non incluso). *

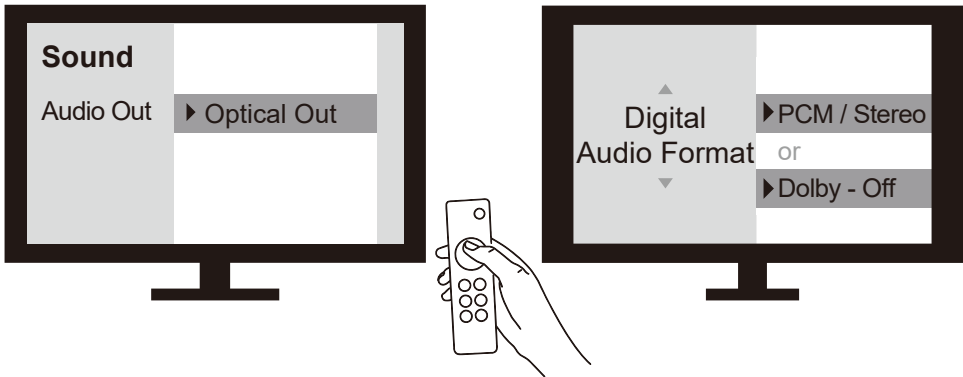

ES: Parte 1: Conecte la base del transmisor a una fuente de alimentación. Recomendamos conectarlo a una toma de corriente mediante un adaptador de pared USB (no incluido). *

Part 2 – Follow instructions below to power everything on.

Part 3 – TV Setting

Use your TV remote to go into your TV's SETTINGS MENU, Set TV Audio Format to PCM/Stereo. Do NOT select AUTO, DOLBY, or BITSTREAM !

DE: Verwenden Sie Ihre TV-Fernbedienung, um in Ihr TV-EINSTELLUNGSMENÜ zu gelangen. Stellen Sie das TV-Audioformat auf PCM / Stereo ein. Wählen Sie NICHT AUTO, DOLBY oder BITSTREAM!
