

Integrated Column Refrigerator, 24", Water

Series 11 | Integrated
Panel Ready | Left hinge

- Install it separately or pair with another Column for seamless integration – this model is left hinge with stainless steel interior.
- ActiveSmart™ technology helps keep food fresher for longer by constantly maintaining the ideal temperature
 - Two separate Variable Temperature Zones. Choose from Fridge, Pantry or Chill
 - Internal water dispenser for convenient access to fresh, chilled water
 - Customize with your own kitchen cabinetry or purchase our stainless steel door panel accessory

DIMENSIONS

Height	84"
Width	23 3/4"
Depth	24"

FEATURES & BENEFITS

- Variable temperature zones**
Create the perfect climate by storing food at their optimal temperature. Change a compartment to Fridge, Pantry or Chill.
- Internal water dispenser**
This integrated model features a slimline water dispenser, located on the inside for an uninterrupted exterior. The flush-fit design of the water dispenser maximizes internal storage space, allowing the shelves to be adjusted to suit your needs. Enjoy a

continuous flow of temperature-controlled chilled water to fill almost any size or shape of vessel.

Mix & match
Integrated Column Refrigeration gives you the freedom to mix and match refrigerators and freezers based on your needs – or install separately. They can be customized with your kitchen cabinetry for a seamless look, or finished with one of our stainless steel door panels.

Clever energy
ActiveSmart™ makes your refrigerator more energy efficient – adapting to daily use and cooling and defrosting only when needed. This means it uses the energy it needs without compromising on food care.

Appealing illumination
Bright LEDs light up the ceiling, shelves, bins and trays in both refrigerator and freezer, creating a welcoming glow in your kitchen at night and using less power than comparable halogen lights.
