

iSinbox Q8

I S I N B O X Q 8

The Q8 briefly introduced: The iSinbox standard portable 3D LED LCD projector offers 500 Ansi lumens a contrast of 20000:1 and a HDTV 1280 x 720 resolution. Manufacturer iSinbox states a service life of 30,000 hours, which would be over 20.5 years with a daily viewing time of 4 hours. The projector can illuminate a picture width of up to 227 cm thanks to its 500 Ansi lumens. In room lighting, however, the picture width should ideally be less than 151 cm. The projector has Airplay and Miracast screen mirroring support, which enables direct playback of videos in high resolution and surround sound from smartphones, tablets and PCs with Android, Windows or iOS via WLAN. Another extra is that the Bluetooth function allows the projector to be connected to external wireless speakers. It is also Full HD 1080P and 3D compatible.

Brief Introduction
