

LEDVANCE LED TUBE T8 UNIVERSAL, T8 HF, T5 HF BALLAST COMPATIBILITY 2025

LEDVANCE LED TUBE

Important notice:

This document is for information purposes and must be treated as recommendation.

The compatibility list is based upon testing conducted by LEDVANCE in a lab simulated environment, and the results can vary in certain field applications due to a number of factors. LEDVANCE does not take over any responsibility, warranty or liability that this results can also achieved by using the devices under other conditions, or when using successor models of the tested devices, or different models of the same manufacturer. In case of non-observance of the instructions, safety risks of the LED TUBE or HF (ECG) ballast can occur, e.g. flickering, no light, overheating, premature aging, failure of devices, etc.. Luminous flux may change in dependency of used ballast. This lamp is designed for general lighting (excluding for example explosive atmospheres).

The temperature range of this lamp is restricted. In cases of doubt regarding the suitability of the application LEDVANCE GmbH should be consulted.

Please note that LED TUBE T8 UNIVERSAL, HF and T5 HF LED tubes are only tested with HF ballast on AC operation. The performance of ballasts with DC operation is not tested and is therefore not guaranteed.

Since only the lamp is replaced, there is no constructive modification to the luminaire.

LEDVANCE LED TUBE T8 UNIVERSAL, T8 HF, T5 HF BALLAST COMPATIBILITY 2025

LEDVANCE LED-RÖHRE

Wichtiger Hinweis:

Dieses Dokument dient zu Informationszwecken und muss als Empfehlung behandelt werden.

Die Kompatibilitätsliste basiert auf Tests, die von LEDVANCE in einer laborsimulierten Umgebung durchgeführt wurden. Die Ergebnisse können in bestimmten Feldanwendungen aufgrund unterschiedlicher Faktoren variieren.

LEDVANCE übernimmt keine Verantwortung, Garantie oder Haftung, dass diese Ergebnisse unter Verwendung der Geräte unter anderen Bedingungen oder bei Verwendung von Nachfolgemodellen der getesteten Geräte oder verschiedene Modelle desselben Herstellers erreicht werden können.

Bei Nichtbeachtung der Anweisungen können Sicherheitsrisiken bei der LED Röhre oder dem HF (EVG) Ballast auftreten, z.B. Flackern, kein Licht, Überhitzung, vorzeitige Alterung, Ausfall von Geräten, etc..

Der Lichtstrom kann sich in Abhängigkeit vom verwendeten Vorschaltgerät ändern.

Die LED-Röhre ist für die Allgemeinbeleuchtung ausgelegt (ausgenommen z.B. explosive Atmosphären).

Der Temperaturbereich dieser Lampe ist eingeschränkt. Bei Zweifeln an der Eignung der Anwendung bitte LEDVANCE GmbH konsultieren.

Bitte beachten Sie, dass T8 UNIVERSAL-, HF- und T5 HF-LED-Röhren nur mit HF-Vorschaltgerät im Wechselstrombetrieb getestet werden. Die Arbeitsweise von Vorschaltgeräten im Gleichstrombetrieb wird nicht geprüft und ist daher nicht garantiert.

Aufgrund, dass nur die Lampe ausgetauscht wird, erfolgt keine bauliche Änderung der Leuchte.

How to check and read compatibility list correctly

Step 1

Check exact ECG Reference number and compare with the compatibility list. Checking only ECG name and brand are not sufficient to prove compatibility

“ Examples of ECG reference number”

e.g.: OSRAM QT-FIT8 1X36;
PHILIPS HF-P 254/255

Step 2

Check if ECG is released in the compatibility list

ECG reference Number

	Model	Ref.no	L *	LEDTUBE T8 HF P 600 7,5W		LEDTUBE T8 HF V 600 8W	
				Product EAN10 No.		Product EAN10 No.	
OSRAM	QT-FIT5/8 1x18-39	AA7471801DG	1	4099854026058	OK	4099854026256	OK
	QT-FIT8 1x18	A63169200DG	1	4099854026072	OK	4099854026270	OK

	QT-FIT8 2x18	AA7470902OL	2		OK		OK
	QTP8 2x18	A63164500DG	2		OK		OK

Step 3

The operating temperature range of LED tube is restricted. In case of doubt regarding suitability of the application, please measure “Tc max” - temperature on the marked Tc point on the product.

So überprüfen und lesen Sie die EVG Kompatibilität

Step 1

Genaue Art des EVGs in der Leuchte vor der Installation überprüfen

EVG-Name und Marke prüfen

z.B.: OSRAM QT-FIT8 1X36;

SIGNIFY HF-P 254/255

Überprüfen Sie die genaue Referenz-Nr. des EVGs

Unterschiedliche EVG Referenz Nr. können zu unterschiedlichen Kompatibilitäten führen.

Step 2

Überprüfen Sie, ob das EVG in der Kompatibilitätsliste freigegeben ist

Q3 2025

Step 3

Der Betriebstemperaturbereich von LED-Röhre ist eingeschränkt. Im Zweifelsfall der Eignung in der Anwendung, messen Sie bitte die „Tc max“ - Temperatur an dem markierten Tc-Punkt auf dem Produkt.
