The Importance of Pre-scan and Post-scan Reports

- Performing a pre-scan Vehicle System Report spots any hidden issues and makes the customer aware of problems. The pre-scan code identification speeds the diagnosis and repair.
- When the customer picks up their vehicle the post-scan Vehicle System Report may be given to the customer to confirm problems have been fixed, aiding in customer satisfaction.

Comprehensive enough to provide all the diagnostic and repair tips you need, smart enough to skip the ones you don't!

All the functions and repair tips you need to diagnose, repair and manage any issue. But unlike any software before, it practically anticipates your next move by guiding you through every step needed to find the solution, while avoiding the steps you don't.

It displays only the information that's relevant to the specific vehicle and fault code. From Technical Service Bulletins and scanner Smart Data to SureTrack® Expert Information and ever increasing monthly coverage, Intelligent Diagnostics is the most sophisticated and intuitive software we've ever created.

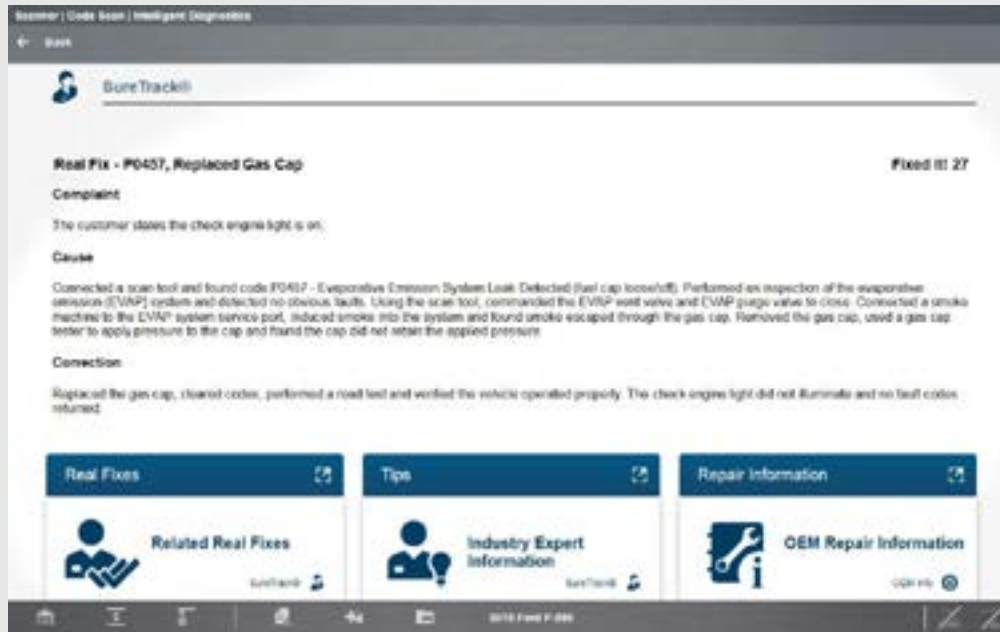

Accessing all the Intelligent Diagnostics functions requires an applicable software agreement, which more than pays for itself through its depth of information and time savings.

See Diagnostic Tool Comparison for eligible tools.

The Fastest Path to Fixed

SureTrack expert information is integrated in the tool with a current Snap-on software upgrade. Simply connect the diagnostic platform to Wi-Fi to get Real Fixes and verified parts replacement records harvested from millions of actual repair orders.

SureTrack online access via web browser available for ZEUS™, Apollo D₈™, and VERUS®, VERDICT®, MODIS™ and SOLUS™ families. Online access requires authorization code, which is included on your purchase receipts.

Over **37 Million**
SureTrack® Real Fixes!

New content is continually added and with the latest software you instantly access:

- Verified parts replacement records showing successful fixes
- Expert information hot-linked directly from diagnostic trouble codes
- Exclusive insight based on experience from millions of repair orders
- Vehicle-specific fixes based on symptoms, codes and mileage
- Definitive, reliable answers, validated by SureTrack expert technicians

Avoid Gaps in Coverage and Get All New Features
