Product assembly

Fillable 9kg Parasol Base

82011818

Step 1

Parts, fittings and tools

1 2

Remove the cap on the top of base.

Slowly fill the base with water or sand.

Sand is heavier than water and recommend using sand.

Warnings:

Remove water before freezing temperatures this could damage base.

Don't stand or jump on base.

In high winds we recommend taking umbrella down to avoid it tipping over.

When filled with water or sand base is heavy, avoid moving and dropping.

Step 2

Parts, fittings, and tools

3 4 5

Attach Pole (3) to Base (1)

For 38mm poles, insert the larger adapter for the base (4)

For 32mm poles, insert the smaller adapter (5) into the larger adapter (4) then insert together into the pole.

Care guide

Care and maintenance

This product is made from plastic and is suitable for outdoor use.

We recommend that you clean your base at the beginning and end of the season. To clean the base, remove all dirt using mild soap and water. Never use abrasive chemicals or cleaning agents. Rinse thoroughly and allow to dry.

Safety instructions

This parasol base has been designed for domestic use only.

Parasol bases can be dangerous if incorrectly installed or assembled, it should be carried out by a competent person.

No liability will be accepted for damage or injury caused by incorrectly installed or assembled parasol bases.

Parasols should not be used in high winds or during inclement weather.

This parasol base must always be filled to the top.

Never drag a parasol when moving it, always lift it.

Periodically check all fixings to ensure none have come loose and re-tighten where necessary.

Ensure that the parasol base is always on a solid and level surface at all times.

Retain these instructions for future reference.

Your feedback is very important to us, and we would love to hear your comments on your new furniture. Please visit our website to leave a review. Thank you.
