XD-130Li

LGR DEHUMIDIFIER

The XPOWER XD-130Li LGR Dehumidifier is a powerful, newly designed unit using eco-friendly R32 refrigerant for maximum humidity control. It removes up to 125 pints/day at AHAM (80°F, 60% RH) and 220 pints/day at Full Saturation (90°F, 90% RH). The unit features a full-color electronic display for monitoring temperature, humidity, and runtime, plus Bluetooth connectivity via the XPOWER Connect App for remote monitoring and controls. It includes a round exhaust port with ducting ring, an advanced auto-purge pump with a 40' drainage hose, and built-in storage for the power cord and hose. Weighing 91 lbs, it's rugged, stackable, and easy to transport with wheels and a folding handle—ideal for tough jobsite conditions.

Commonly used in drying applications, but not limited to:

- Water Damage Restoration
- Carpet Cleaning / Hotel Hospitality
- Construction / Plumbing
- Crawl Space / Attics
- Basements / Cellars
