

ETS Windows Install

Thank you for purchasing Inspiration Software. For help installing your software on Windows please follow the steps below. If you need help, contact our support desk at softwaresupport@dzgns.com.

Please note: all our software is housed within the Embroidery Tool Shed (ETS). Once you've installed ETS, you can activate and access any individual software title or module you have purchased, or demo any other titles.

1 Download and install the Embroidery Tool Shed (ETS) with the link that was provided to you in your email, on the product you ordered, or by [clicking here](#).

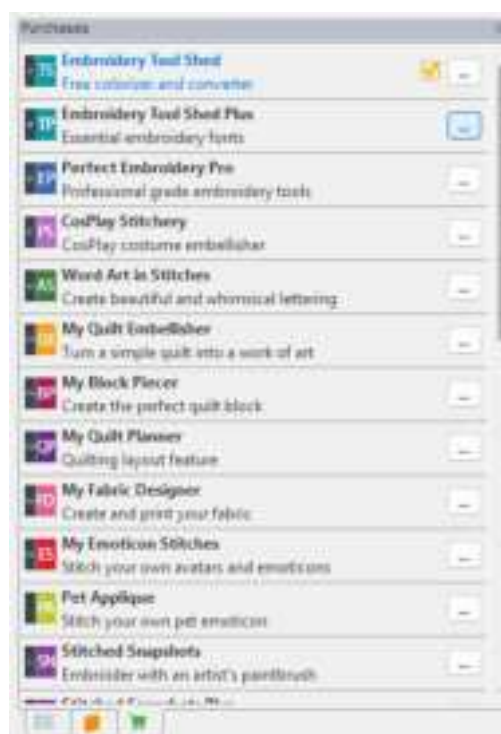

2 Once ETS is installed and registered on your computer, open it by double-clicking on the ETS icon on your desktop.

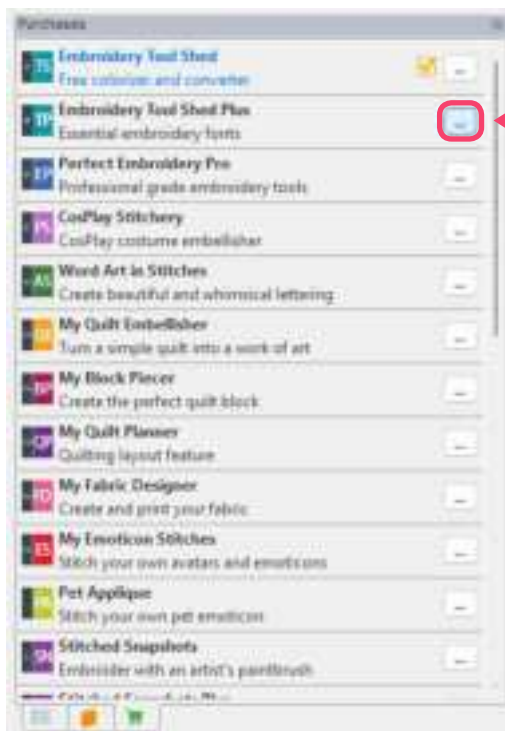

3 At the bottom right of the ETS window, access the "Purchases View" by clicking the cart icon.

The Purchases View will enable all of your other Inspiration software and features to be added and available in just one place.

- 4 To the right of each software title is the Options menu.

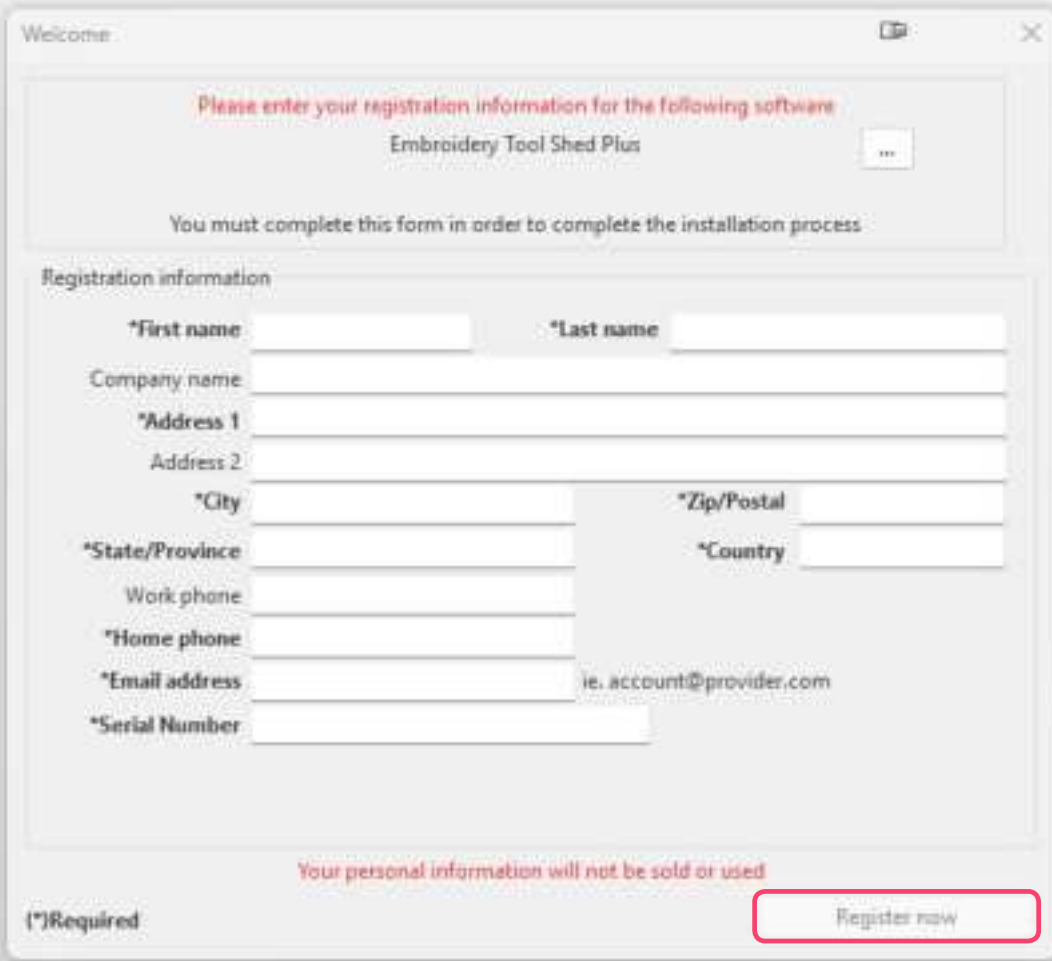

- 5 Click on the Options box to view the options available. There are four options - Buy Now, Activate, Try or Tutorial. Click Activate option to display a registration screen.

- 6 Click on the three dots to expand the Registration form.

A screenshot of a 'Welcome' registration window. The window has a title bar with 'Welcome' and standard window controls. The main content area contains a message: 'Please enter your registration information for the following software' followed by 'Embroidery Tool Shed Plus'. Below this is a text input field for the 'Serial Number'. At the bottom, there is a 'Register now' button. A red box highlights the three dots next to the software name, indicating where to click to expand the registration form.

- 7 Type in all of your information in the (*)Required fields and click on Register Now. Once you fill in all of the information Register Now will become active.

Welcome

Please enter your registration information for the following software
Embroidery Tool Shed Plus

You must complete this form in order to complete the installation process

Registration information
