Room for the whole family

LÅNGARYD sofa has a strong character with round shapes and big dimensions with lots of room for family and friends. Pocket springs, foam and a generous seat depth make it comfortable to sit or lie on – and the loose cushions are great to use for extra support. The fixed cover is always stylish, even after the whole family has hung out on the sofa, and if you add the chaise with a storage box, you can have your things easily accessible yet still hidden by the sofa.

A strong character

The design's attention to detail makes LÅNGARYD stand out. Its tufted back cushion adds character and the legs make the stable construction feel light and airy. If you want to give your LÅNGARYD a modern yet soft look, choose the turned legs in solid oak, while the legs in chrome-plated steel enhance the contemporary look with clean lines.

A high standard of accuracy has been sought in the preparation of this buying guide. We apologize for, but will not be bound by or responsible for, errors and omissions in this buying guide.

Not all products may be available in all stores. See what is available at your local store by visiting IKEA-USA.com. For more detailed product information, see the price tag or visit IKEA-USA.com. All products shown require assembly. All textiles shown are imported.

Good to know

Our fabrics have been tested

At IKEA we test the fabric covers on our sofas and armchairs so you can be sure they're durable. The fabric's ability to resist abrasion is tested by using a machine to rub it against another fabric while applying firm pressure. A fabric that can take 15,000 cycles is suitable for furniture that must withstand everyday life at home – and if it can take more than 30,000 cycles, it is very resistant to abrasion. All fabrics are sensitive to sunlight, which is why we also check that our fabrics resist fading effectively.

Durable in different ways

Tough tests are an important way to check the durability of our fabric covers, but they don't tell the whole story. Durability also depends on materials, construction and manner of use. Heavy, tightly woven fabrics with a flat surface are most resistant to abrasion. Fabrics with a mixture of natural and synthetic fibres can withstand abrasion better than fabrics with only natural fibers. Yarn.dyed fabrics are more durable than fabrics with printed patterns. And a dirty cover wears out faster than a clean one. The fabric is also affected by how you use your sofa of course.

A wiser use of resources

IKEA strives to use more renewable, recycled and responsibly grown materials.

Polyester

When we create products from recycled polyester, PET bottles and other items made of polyester get a new life. The material has the same quality and function, and is just as clean and safe as virgin polyester – and we use less new materials.

Cotton

All the cotton we use for IKEA products comes from more sustainable sources. The cotton is either recycled or produced using methods that have less impact on the environment and help create better living conditions for farmers and their families.

	Resistance to abrasion (cycles)	Light. fastness (1–8)
Lejde: A toned, textured fabric in cotton and polyester. It is dyed in different tones, which gives it a nice effect.	30,000	5

SERVICES

IKEA products are designed to be taken home and assembled by you. That way, you'll save the most money. But if you would like some help, we can offer a range of services. Assembly and delivery services fulfilled by an Independent Service Provider. Contact your local IKEA store or visit the IKEA website for details: [IKEA-USA.com/services](https://www.IKEA-USA.com/services)

DELIVERY SERVICE

Most of our products are designed and packaged so that you can take them home yourself. If you prefer, we can arrange for delivery of your purchases directly to your home or business. Same day, next day or same week deliveries are available. We can also arrange for delivery at a later date if you would like.

TASKRABBIT ASSEMBLY SERVICE

All IKEA products are designed to be assembled by you, but you don't have to. We've partnered with TaskRabbit to connect you with a network of independent 'Taskers' who can provide quick and convenient assembly and mounting services for your IKEA purchases made online and in stores. You can schedule assembly service for as soon as the same day, with the Tasker of your choice. Visit [TaskRabbit.com/IKEA](https://www.TaskRabbit.com/IKEA) or see a co-worker for more details.

Services and prices may vary, please see [IKEA-USA.com/services](https://www.IKEA-USA.com/services) or talk to us in your local IKEA store.
