

Air Conditioning & Heating

## AIR HANDLER UNITS CURRENT R-410A & NEW R-32 PRODUCTS

### TRUST THE EXPERTS.

If you have a heat pump outside your home, the air handler is likely the indoor component comprising your two-part, split system that keeps the indoor temperature of your home comfortable all year long. Most often, air handlers are located in the attic, basement or a dedicated closet, and may closely resemble the shape of a gas furnace. As its name suggests, an air handler “handles” the air inside your home and delivers warm or cool indoor air throughout your entire home. What would we do without delivery!

R-32	AMST*13  9 TAP ECM	230V AHVE*13  Variable-Speed ECM	115V AHVE*03  Variable-Speed ECM	AMVT*13  Variable-Speed ECM	AWST*13  Multi-Speed ECM	ACST*13  Direct-Drive, Multi-Speed

\* Complete warranty details available from your local dealer/contractor or at [www.goodmanmfg.com](http://www.goodmanmfg.com). To receive the 10-Year Parts Limited Warranty, online registration must be completed within 60 days of installation. Online registration and some of the additional requirements are not required in Florida, California, or Québec. The duration of warranty coverages in Texas and Florida differs in some cases. Other limitations and exclusions apply; refer to complete warranty details for a full list of limitations and exclusions.

\*\* Compatible with Goodman SD side discharge inverter outdoor unit. Modular blower MBVK\*00 models are the ONLY ones compatible with the Goodman GTST Connected Thermostat.

### Additional Information

Before purchasing this appliance, read important information about its estimated annual energy consumption, yearly operating cost, or energy efficiency rating that is available from your retailer.

### WARNINGS:

Always use a licensed installer or contractor to install this product. Do not try to install the product yourself. Improper installation can result in water or refrigerant leakage, electrical shock, fire or explosion.

Use only those parts and accessories supplied or specified by Goodman. Ask a licensed contractor to install those parts and accessories. Use of unauthorized parts and accessories or improper installation of parts and accessories can result in water or refrigerant leakage, electrical shock, fire or explosion.

Read the Product Manuals carefully before using this product. The Product Manuals provide important safety instructions and warnings. Be sure to follow these instructions and warnings.

For any inquiries, contact your local Goodman brand sales office.
