AV550 U_{BL}

AV Pre Amplifier/Tuner

REVISION

This service manual is the revised one for modified AV550, which is applicable to the latest products since the production serial number "MZxxxxxx11xxxx".

Mains outlet circuits modified the **unswitched one** and the **switched one**.

Therefore this service manual explains them by extracting the different specifications of the "MAINS OUTLETS" and some components were changed in new design for the model AV550 (since LOT number 11).

All other information is described in the service manual of the model AV550 (Code number : 280J855010).

The dispatch of the parts for after sales service has to be referred to this service manual with the first priority.

For this reason, please use this service manual with referring to the service manual of the model AV550 (Code number : 280J855010) without fail.

Please use this service manual with referring to the user guide (D.F.U) without fail.
