

Glow Bowl User Manual

tzumi®

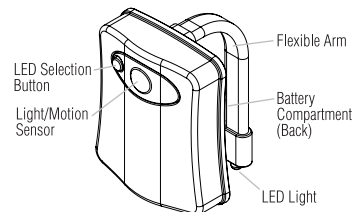

INTRODUCTION & FEATURES

Perfect for decorating in any indoor bathroom, the tzumi Glow Bowl adjusts seamlessly to fit any standard toilet bowl rim and provides a fun, colorful glow to guide you in the dark. Equipped with a light sensor and motion detector, the intuitive unit illuminates in the dark and turns off when it's light out to save battery life.

PACKAGE CONTENTS:

1 Glow Bowl LED Toilet Backlight
User Manual

PRODUCT OVERVIEW & FUNCTIONS

- Built-In Motion Sensor & Light Detection
- Perfect for Night Light and Decoration
- Flexible Universal Mounting System
- Installs in Seconds & Easy to Clean

USING YOUR GLOW BOWL DEVICE

Note: The Glow Bowl usually works best if the sensor faces the door, but this may vary per room environment/light conditions. Adjust as needed for best results.

STEP 1: FIT TO YOUR TOILET.

- Adjust the bending arm as needed to secure a tight fit to the rim of your toilet bowl. See diagram for reference.

STEP 2: INSTALL YOUR GLOW BOWL.

- Open the battery compartment. Insert 3 AAA batteries into the compartment as shown and replace the cover.
- Use the Glow Bowl's flexible arm to secure the unit to your toilet rim as shown. Make sure the button is facing outwards and away from the toilet.

STEP 3: TURN OFF THE LIGHTS.

- Note that the Glow Bowl will only operate in the dark. When the sensor detects movement, the LED will turn on and remain lit for about 120 seconds from the last detected movement.
- If the room lights are on, the Glow Bowl will remain off to conserve battery life. Note: The unit may remain turned on in dimmed lighting.

STEP 4: DETERMINE YOUR COLOR SETTINGS.

- The unit will automatically cycle through all available LED colors.
- Press the LED Selection Button to set a single color when the cycle hits your desired color.
- Press the LED Selection Button a second time to start the color cycle again.

TIPS FOR CLEANING & CARE:

- To clean, wipe the unit down with a wet wipe, damp cloth, or sponge. You may use chemical cleaners if necessary.
- The Glow Bowl is designed for daily use with indoor toilets/bathrooms only.
- Do not immerse your Glow Bowl in water or place directly under running water.

SAFETY PRECAUTIONS

- This product uses batteries (not included). Keep away from flammable objects and excessive heat.
- Never attempt to disassemble or modify your Glow Bowl in any way. Doing so violates any warranty in place and may cause permanent damage to the unit.
- Contact the Customer Support team at tzumi.com/Support for assistance.

SPECIFICATIONS:

Batteries Required: AAA x 3
