DONNER HUSH-X PRO Impulse Response (IR) File Import Guide

Step 1: Software Installation

- Visit the official website:

[https://www.donnermusic.com/support/downloads]

- Download the latest version of HUSH-X PRO application

- Double-click the installer and follow the on-screen instructions to complete setup

Step 2: Device Connection

1. Launch the HUSH-X PRO application,turn on the HUSH-X PRO effect system on the guitar

2. Connect using the cable:

   - One end to your computer's USB port

   - The other end to the Type-C port on your HUSH-X PRO guitar

2. Wait for the system to recognize the device. Upon successful connection, the software will display:

Step 3: IR File Import

1. Locate the **[IR Files]** module in the main interface

2. Click the **Import** icon in the toolbar

3. In the file browser window:

   - Navigate to the folder containing your IR files

4. Confirm your selection

Note: The import progress will be shown in the status bar. Once completed, the files will appear in the IR library list.
