User Manual

230W Travel Adapter & Power Converter

Model : SGR-HS260B

Preface

Thanks for purchasing our 230w travel adapter and power converter. Please read this manual carefully before using. If you have any question, please contact with us.

Instructions

1. When travelling abroad you will encounter different power outlets and different voltage requirements. The SGR-HS260B Travel Adapter and Converter is the solution.

2. This product comes standard with 1 European AC input power cable and 2 additional plug adapters: a Type G plug adapter and a rotatable dual-use plug adapter (Type A+TYPE I, whose pins can be rotated to Type A or TYPE I as you wish.)

3. Now you don't have to worry about your country and the voltage supplied (from 100V to 240V), this adapter will safely power your electronic devices with 110V-120V compatibility.

4. It comes with 2 US standard grounded outlets and 4 USB ports for charging up to 6 devices at once (up to 230W total power).

Features

- Converts any input voltage (100V-240V AC) to 110V-120V AC as the consistent output voltage supply.
- Equipped with two 110V AC grounded outlets; On/Off power switch; LED indicator light.
- Four USB ports: DC 5V, combined 6.2Amax (5V2.4A*3 (With Type C 18W), for fast charging of larger devices such as tablets and smartphones, etc.
- Protections: over-current, over-temperature, output short circuit. The USB outputs are completely isolated from the AC power to keep your devices safe.
- Adapter size: 4.96 x 2.92 x 1.26 in (LxWxH); Adapter weight: 0.69lb.
- Portable, compact, modern.

Questions & Answers

1. Why does it say there are 3 types of adapters when I only received two plug adapters?

Comes with a Type G -UK adapter, and a rotatable dual-use plug adapter (Type A+TYPE I, whose pins can be rotated to Type A or TYPE I as you wish.). So there are three types of adapters.

2. Does the adapter mode work for small appliances (low wattage) without dual voltages?

Yes, it will, this converter for the 100V small appliances.

3. Where can I buy an adapter that does not come with my unit?

In the event that we don't have the adapter you need we recommend you search on Amazon, as they are sold separately.

4. Will it work in US for overseas light?

No. It is a step-down converter; it takes in 100/240V AC and puts out 100/120V AC. To use an overseas light, you need a step-up converter.

5. Will this work with hair Straightener, Curling Iron, Hot Air Brush, Electric Toothbrush?

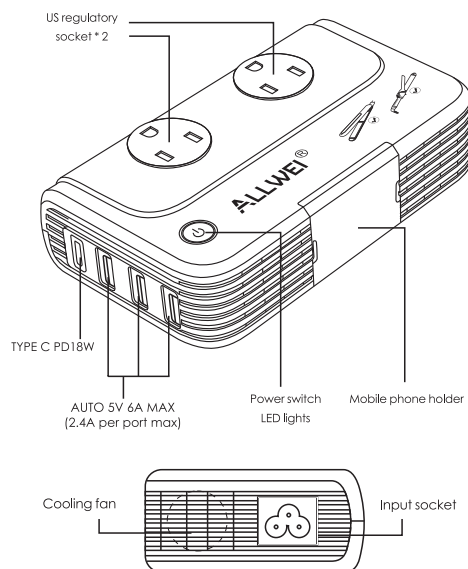

Yes.

Adapter plugs

The included 1 power cord plug and 2 adapter plugs are suitable for multiple countries. The table below shows some examples of common countries:

 EU Power Cable	EU / Italy / France / Germany / Belgium / Poland / Russia / Iceland / Spain / Greece / Austria / Belarus / Croatia / Denmark / Finland / Hungary / Portugal / Netherlands / Turkey, etc.
 Type A + Type I (The pins of the plug can be rotated)	Type A: USA / Japan / American Samoa / Antigua and Barbuda / Aruba / the Bahamas / Barbados / Belize / Bermuda / Brazil / Canada / the Cayman Islands / Colombia / Costa Rica / Cuba / Ecuador / El Salvador / Guam / Guatemala / Haiti / Honduras / Jamaica / Liberia / Mexico / Micronesia / Montserrat / Nicaragua / Okinawa / Panama / Peru / the Philippines / Puerto Rico / Saudi Arabia / Tahiti / Taiwan / Thailand / Trinidad and Tobago / Venezuela / the Virgin Islands, etc. Type I: Australia / Argentina / China (mainland, excluding Taiwan) / Fiji / New Zealand / Papua New Guinea / Tokelau / the Union Islands / American Samoa / Cook Islands / Kiribati / Nauru / Saint Vincent and the Grenadines / Samoa / Solomon Islands / Tajikistan / Timor-Leste / Tonga / Tuvalu / Uzbekistan / Vanuatu / Uruguay, etc.
 Type G-UK	UK / Ireland / Dubai / Bahrain / Bales / Botswana / Brunel / Cyprus / Dominica / England / Ghana / Gibraltar / Grenada / Hong Kong / Iraq / Ireland / Kenya / Macao / Malta / Malaysia / Nigeria / Northern Ireland / Oman / Qatar / Saint Lucia / Saint Vincent / Saudi Arabia / Scotland / Singapore / Sri Lanka / Tanzania / the UAE / Uganda / the United Arab Emirates / Wales / Yemen / Zambia / Myanmar / Zimbabwe / Malaysia and more area, etc.

Product Diagram

Specifications

Model	SGR-HS260B
Output Power	230W Max
Input voltage	AC 100-240V
Output Voltage	AC 110V-120V
USB Output	5V2.4A*3 (With Type C 18W), 6.2A Max
Consumption of Input power	< 5W
Over-current protection	YES
Over-temperature protection	YES
Output short circuit protection	YES
Additional replaceable plug	Type A+TYPE I (Pin Rotatable Dual Purpose Plug) , Type G
Size	L: 4.96 x W: 2.92 x H: 1.26 in
Weight	0.69lb
AC Input Cord	4 Feet AC power cord with EU plug

LED Indications

LED is green	AC outlets and USB ports are working normally
LED is red	Output protection warning (over-temperature or over-loading)

Do not use with hair dryers, tools and other household appliances over 230 watts. Included adapters are NOT compatible in South Africa, South Korea.

Personal protection

⚠ WARNING: Non-professionals are strictly prohibited to open.

Package contents

- 1 x 230w travel adapter and power converter
- 1 x EU Cable
- 2 x Plug adapter
- 1 x Travel Bag

Warm Tips: The charging power of laptop is usually high, please check the power on the product's nameplate if it's within 230W.

Warranty and buyer support

If you have any questions about our 230w travel adapter and power converter, feel free to contact us. Your true and objective reviews will help other buyers in making purchase decisions.

230W travel adapter and power converter has a 12-month warranty from the date of its original purchase.

Any questions, don't hesitate to contact us:
