Lighting Quick Facts

LED
What is LED? LED stands for light-emitting diode. It emits light when current flows through it. Acuity Brands partners with the most reputable and reliable LED suppliers to deliver high quality LED Lighting Fixtures

3500K
000 LUMENS

Lumens
Measures light output. The higher the number, the more light is emitted. Acuity Brand products typically range from 2000K-8000K

40W

Watts
Measures energy required to light the product. The lower the wattage, the less energy used.

90+ CRI

CRI
Color Rendering Index measures the color accuracy.

ADJUSTABLE LIGHT OUTPUT
SORTIE DE LUMIÈRE AJUSTABLE
1,100 LUMENS - 5,200 LUMENS

ALO
Adjustable Lumen Output. This means you have the ability to adjust the lumen output on the fixture.
