

Software Update for your **ELLIPSIS 7™**

Software Version: MV7A: MV7A_41D37_442A
MV7B: MV7B_41D37_442

Verizon Wireless is pleased to announce a software update (Android KitKat) that will improve the performance of your Ellipsis 7 tablet.

Ellipsis 7

THE FOLLOWING FEATURES ARE NOW AVAILABLE WITH KITKAT:

Google Keyboard

- Emoji are now available

Wireless Printing

- Print photos and documents from your device
- Connect to any printer via Google Cloud Print

Chromecast Support

- Screen casting (mirroring) support has been added

THE FOLLOWING ISSUES HAVE BEEN RESOLVED:

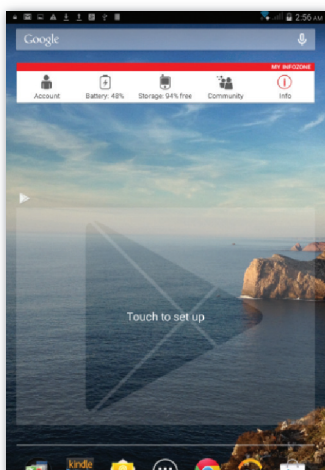

- 4G LTE connectivity when coming out of airplane mode
- 4G LTE connectivity with an encrypted tablet after power cycle is complete
- 'Sync up all' option has been removed from Exchange email to prevent system shut down
- Device now downloads and saves large files without Wi-Fi connection
- After using My Verizon Mobile, some applications may use a cellular connection even if the device is connected to Wi-Fi.
- Security warning message is presented when creating a Mobile Hotspot session with an open security type
- Buying data is now easier through the Portal from Setup Wizard

For step-by-step instructions on how to perform the download, please visit www.vzw.com/ellipsis7support.
