### GENERAL INFORMATION ABOUT LISTINGS

The listings contained in this publication are based solely upon information supplied to Billboard prior to press time. All information is checked for accuracy as of that time. However, Billboard is not responsible for changes in directory content that may supersede the listings contained herein. Efforts are made via questionnaire broadcasts and phone calls to obtain information on companies which are listed. E-mail and web site addresses are listed where provided. If you would like to be listed in the next issue of the International Buyer's Guide please send the relevant information in the format of the section under which your listing should appear. Information should be addressed to:

**VNU Business Publications USA, Directory Central-Listings, 49 Music Sq. W., Nashville, TN 37203, E-mail: kforward@vnuemedia.com**

# The Heart Of Your Cassette ...

## Our Leader Lock is so reliable, we'd stake our reputation on it!

That little piece of staking rod is the big difference in the quality of your cassette.

Our Leader Lock is better because of our unique Solid Extrusion process which delivers a rod diameter tolerance of not more than +/-.0005" (.0127mm).

- Sizes from .048" (1.22mm) to .069" (1.7272mm)
- Extruded in increments of .001" (.0254mm) with tolerances not more than +/-.0005 (.0127mm)
- Popular sizes ~ .052" (1.320mm) through .063" (1.60mm) stocked for immediate shipment.

Designed and engineered for the cassette industry, our staking rod virtually eliminates cassette failure due to leader tape pull-out.

We also manufacture special extrusions for a variety of applications. Just Ask!

When size is critical
the name to remember is . . .
Dunn
INDUSTRIES INC.
123 ABBY ROAD ~ MANCHESTER, NH 03103 USA
